Taina -

So! We survived our Soph.
year!! Can't believe it's over!

But this yr. is bound to be
better! Good luck this yr &
HAVE FUN your SR year!!!
you've been a great friend!

Thank & love lots,
Cath SR 80!

Taina - I've been a while since
we've talked to you. In fact
it's been too long. I think something
good happened. We had a pretty
good thing together. I had
it was so short. I think
the good memory will always
be with me. That's it. I
don't add some to it.
Love ya

I'm especially
glad we got to
know each other as well
as we did. I really think
you can always come to me. I
don't let Coach Begue get to you or
I will. Love ya -

Taina -
We've been a
long time for a
friend. I hope
we can stay that
way. I'll be as
sweet as
getting out of you.
Lots of love.

We Did It

It's hard to imagine that so many activities can be crammed into only a year. The seniors were right when they said "when we party, we party hardy", cause that's just what we did. The fall seemed to be centered around a team that turned into an unstoppable "Blue Machine." Not only students, but the whole community, became wrapped up in the frenzy of the "Friday Night Fever" displayed by every Pioneer who was determined to take it to the top, and we did it, All in a Year.

We played Santa Claus for the kids. The student council made Thanksgiving brighter for area families with their successful canned food drive. The HERO club lightened the burden of many by sponsoring a Christmas toy drive, and as the year passed, we asked, "Where did the time go?" It couldn't have happened all in a short year.

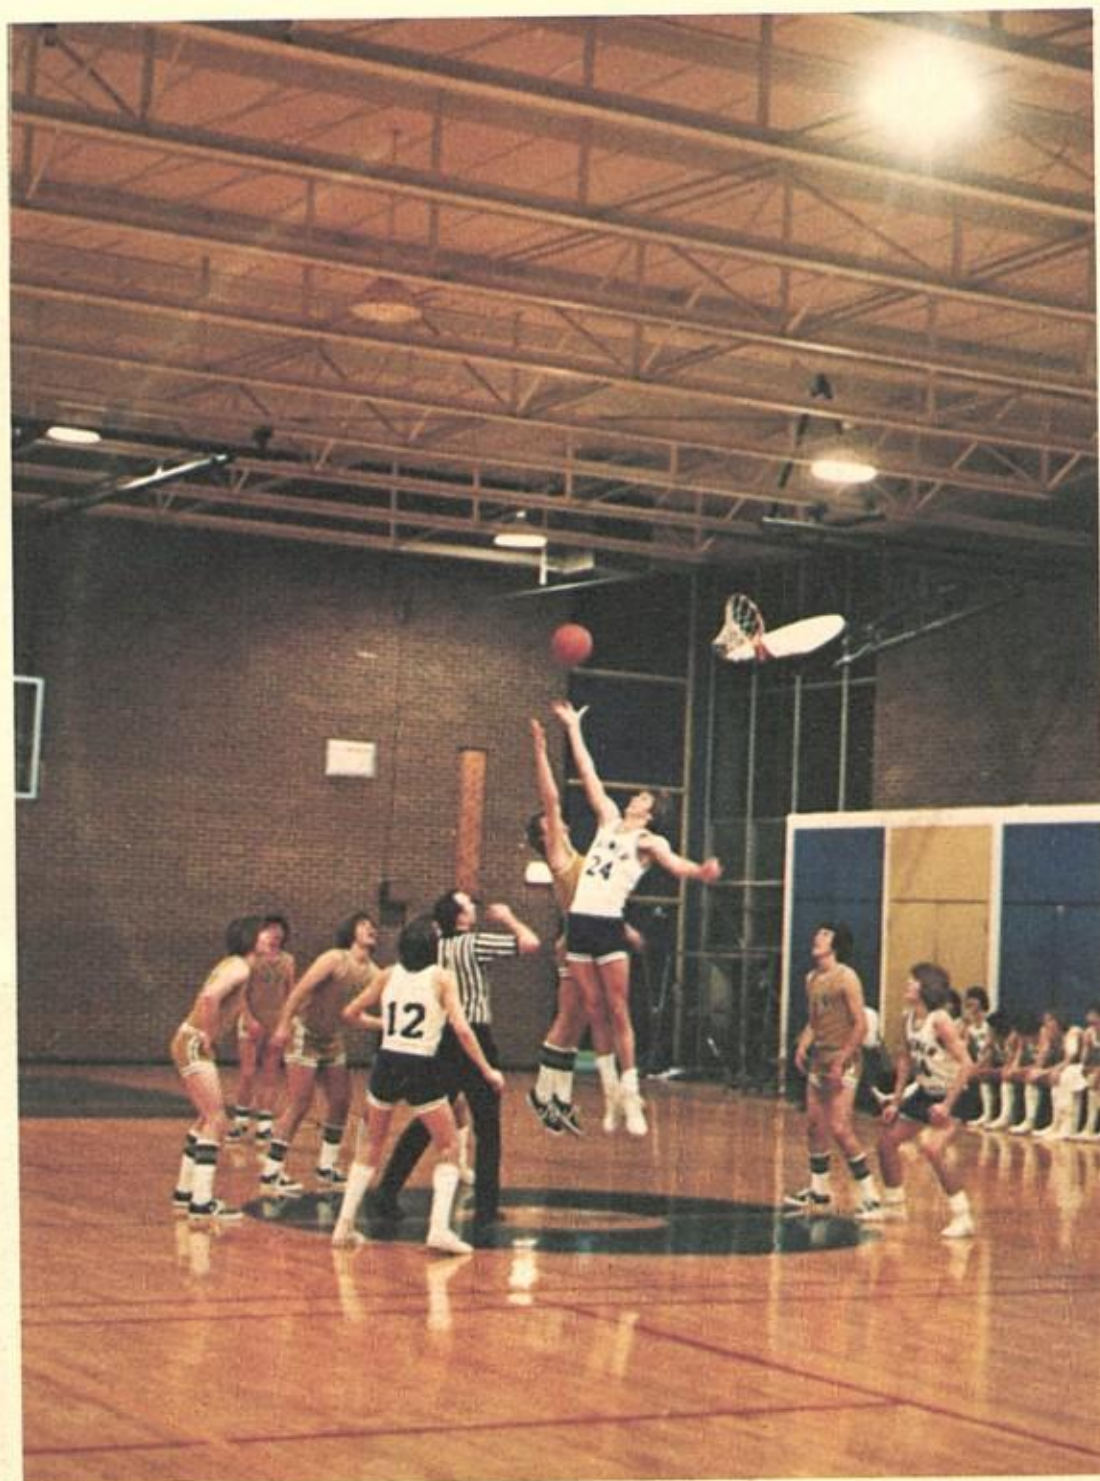

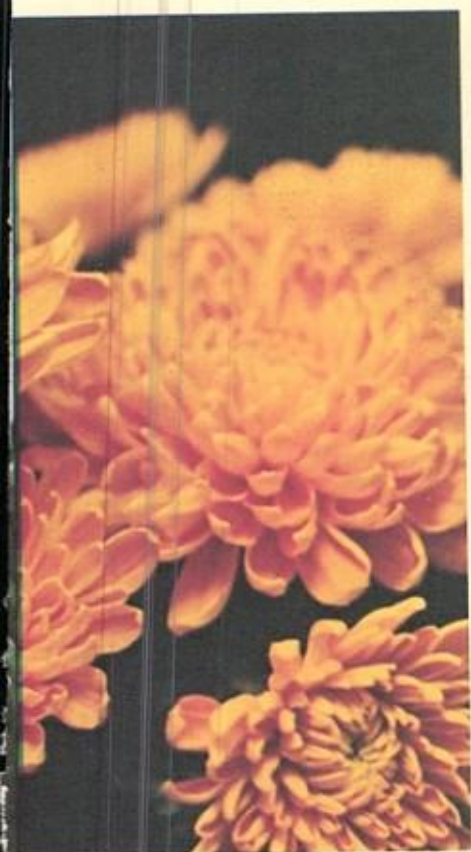

We cheered our classmates as they faced the "fumbling faculty" in a fund-raising game of volleyball, and with our musicals we danced and sang into the hearts of many. The band, displaying some of Boswell's style, naturally came marching home with a 1 in UIL competition. Sidewalks stretched from the campus area to a new parking lot and a security system developed to keep us out of trouble. The two identical dogs, Stevie and Fritz, became unofficial mascots when they

All in a Year

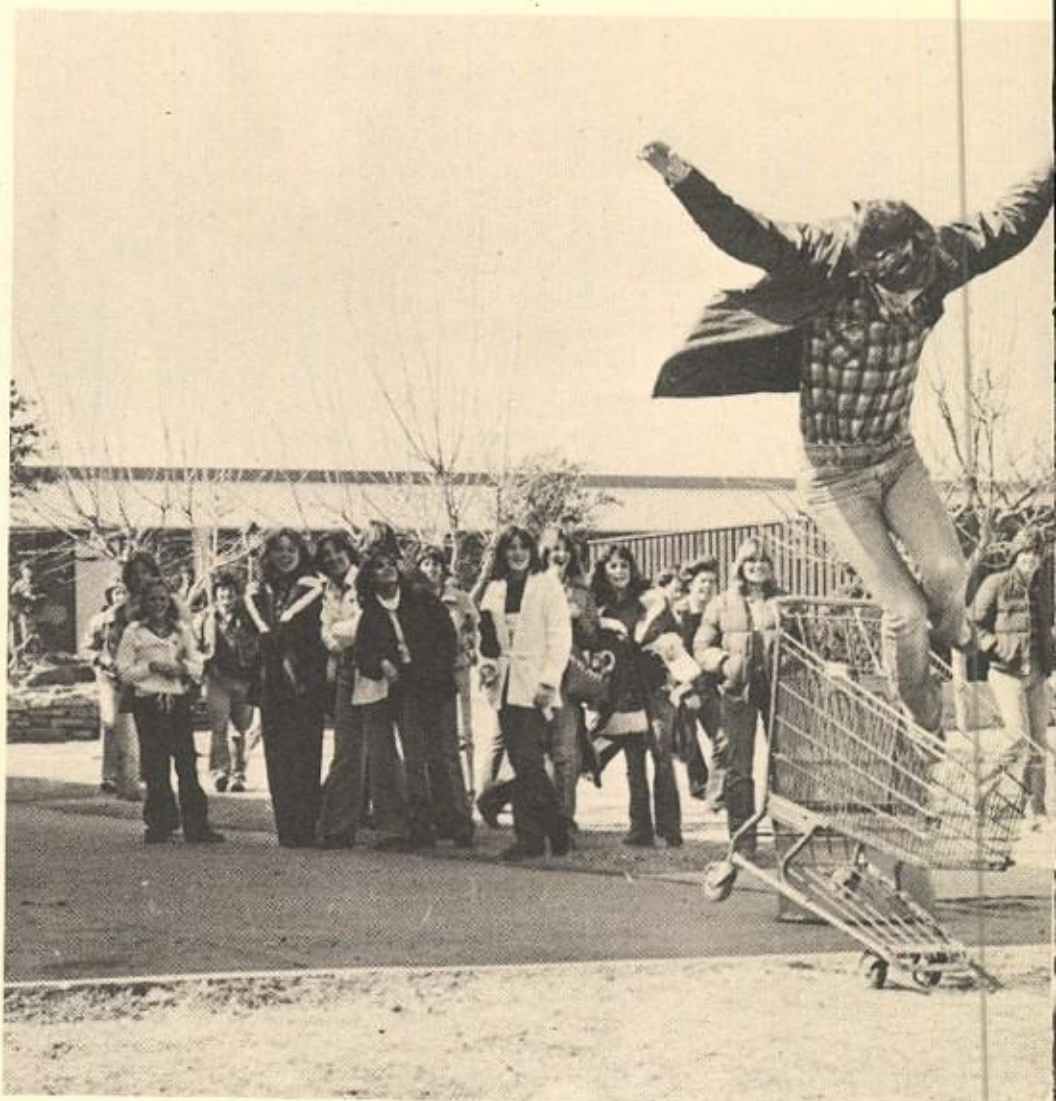

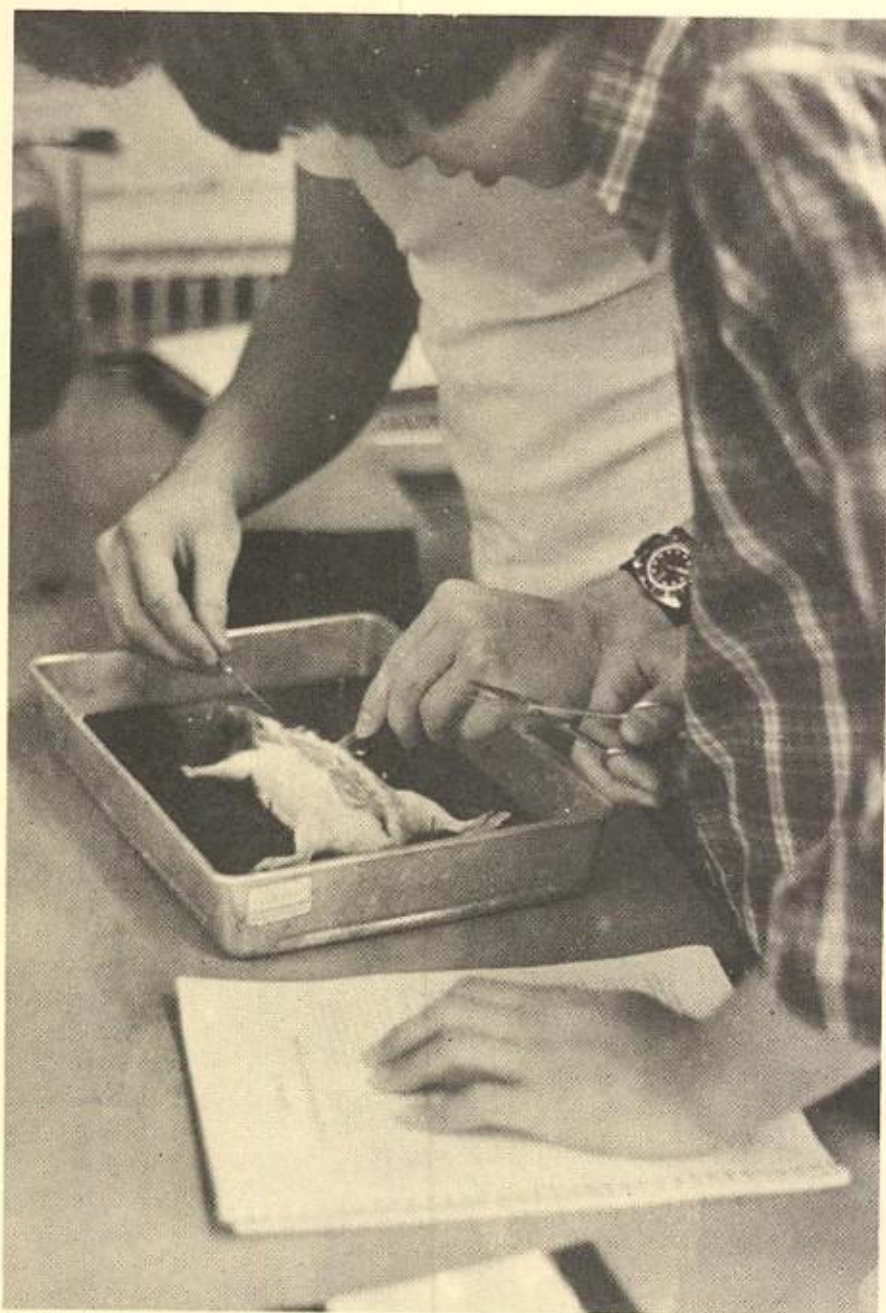

made the coaching quarters their temporary home. Freshman and JV basketball girls sampled full court play while the regular half court style took the varsity team to post-season playoffs for the second year in a row. Promising improvements were passed for our school district when voters, which included some of our 18-year-old seniors, approved a \$15 million bond issue. Even with all our activities at school we still found time for Golden Gloves, Stock Show and Rodeo, Young Life, and last but certainly not least PARTYING!!!!!!

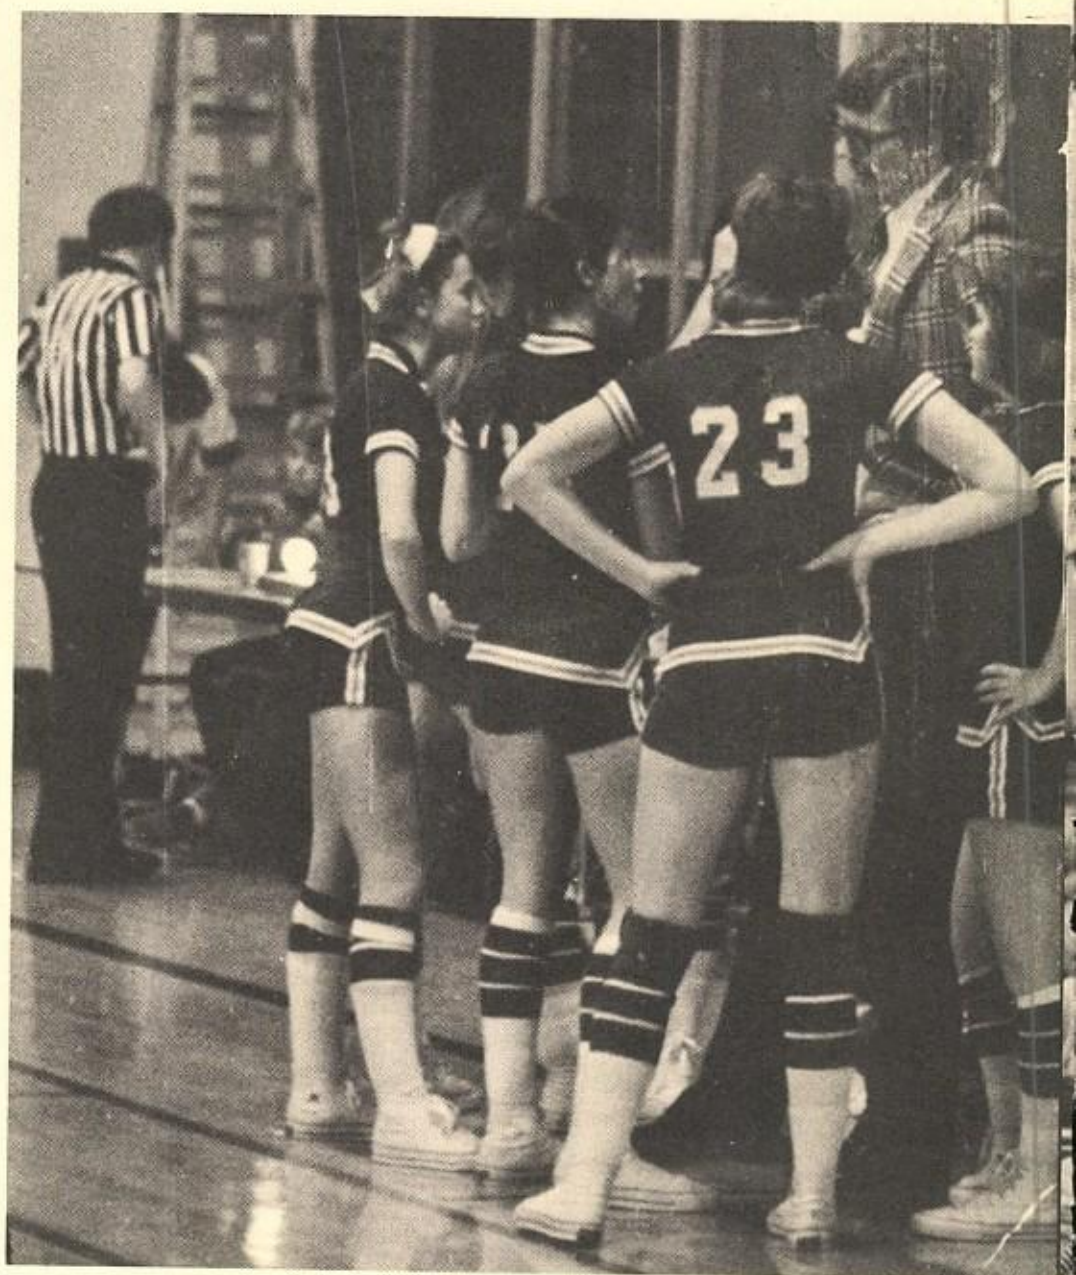

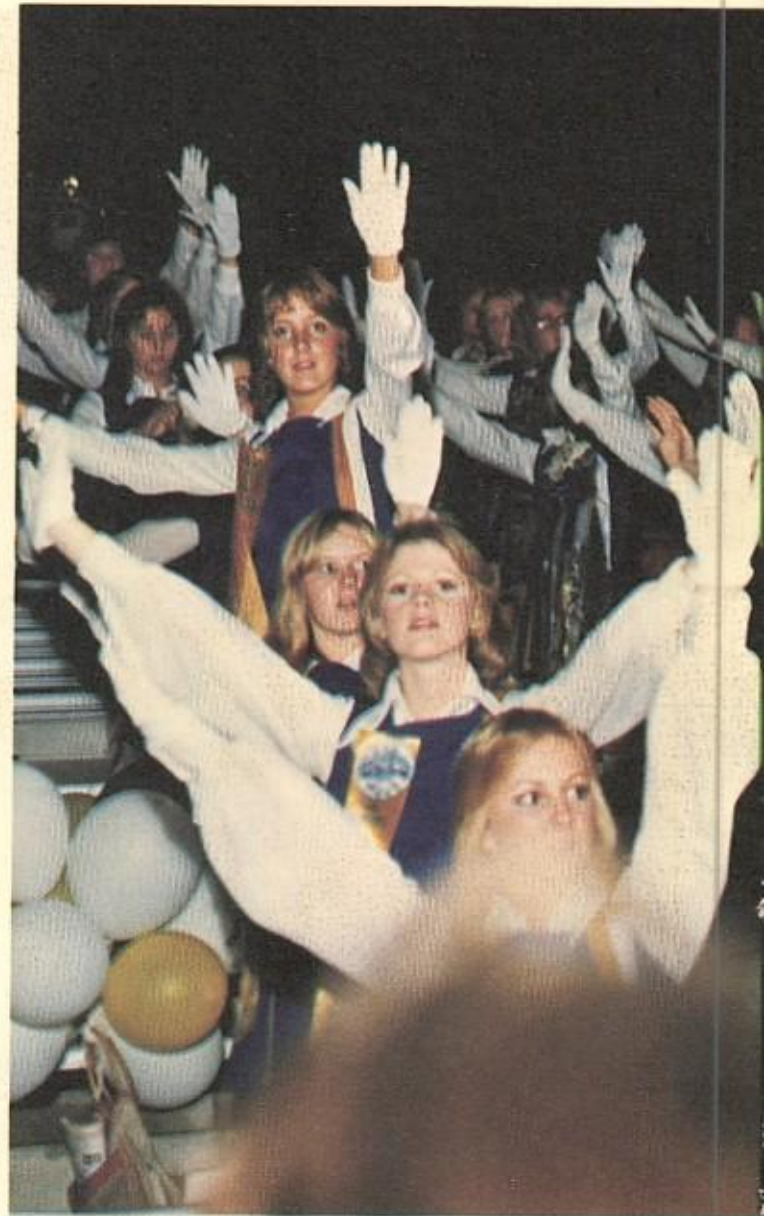

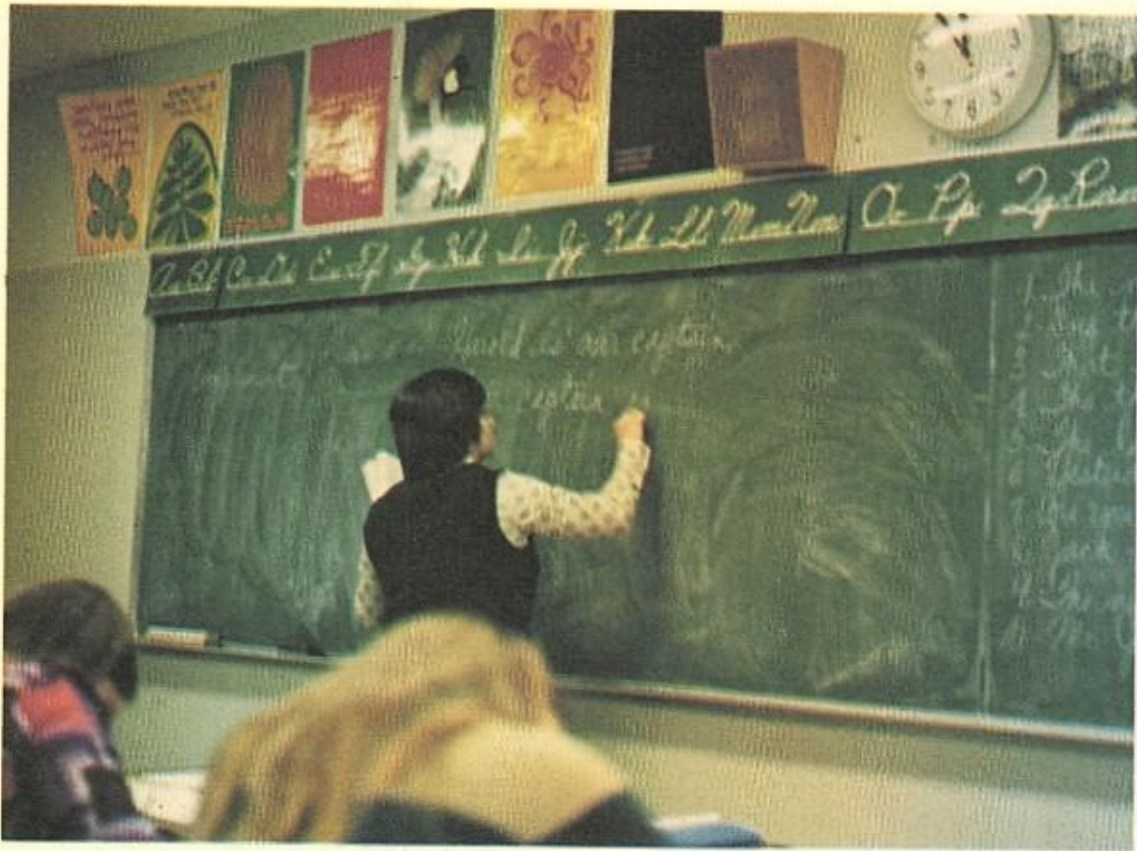

Living within the limits of the country, the Pioneers found themselves enjoying unexpected vacations as the touch of winter froze studies at Boswell. During these cold months Fort Worth was lit by lights and the electricity of Boswell's students, faculty and followers. Another type of freeze took place as farmers went on strike and made the winter seem even colder. Soon spring came, melting winter ice and warming up Pioneer spirit.

Much of the student's time at Boswell is spent studying or being involved with clubs and organizations. But Pioneers know about "all work and no play" ... and they seemed to find their own solutions.

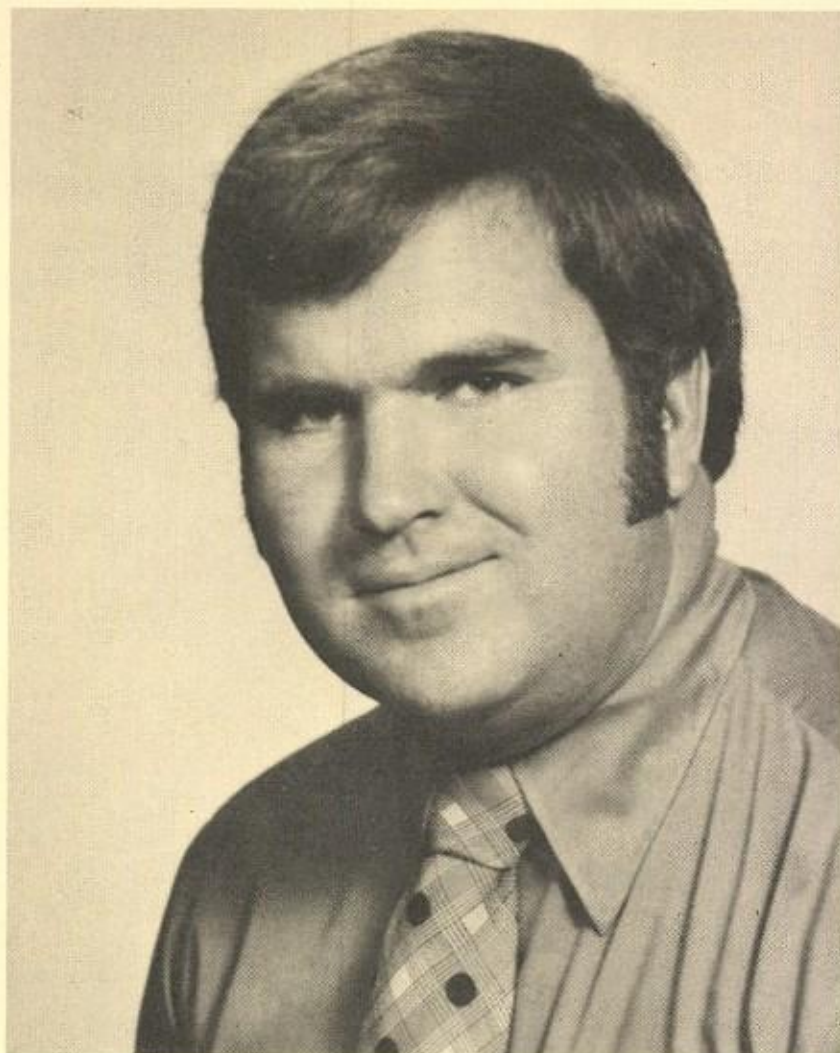

It was only one year, but what a year it was. We all remember it proudly, because we did it, All in a Year.

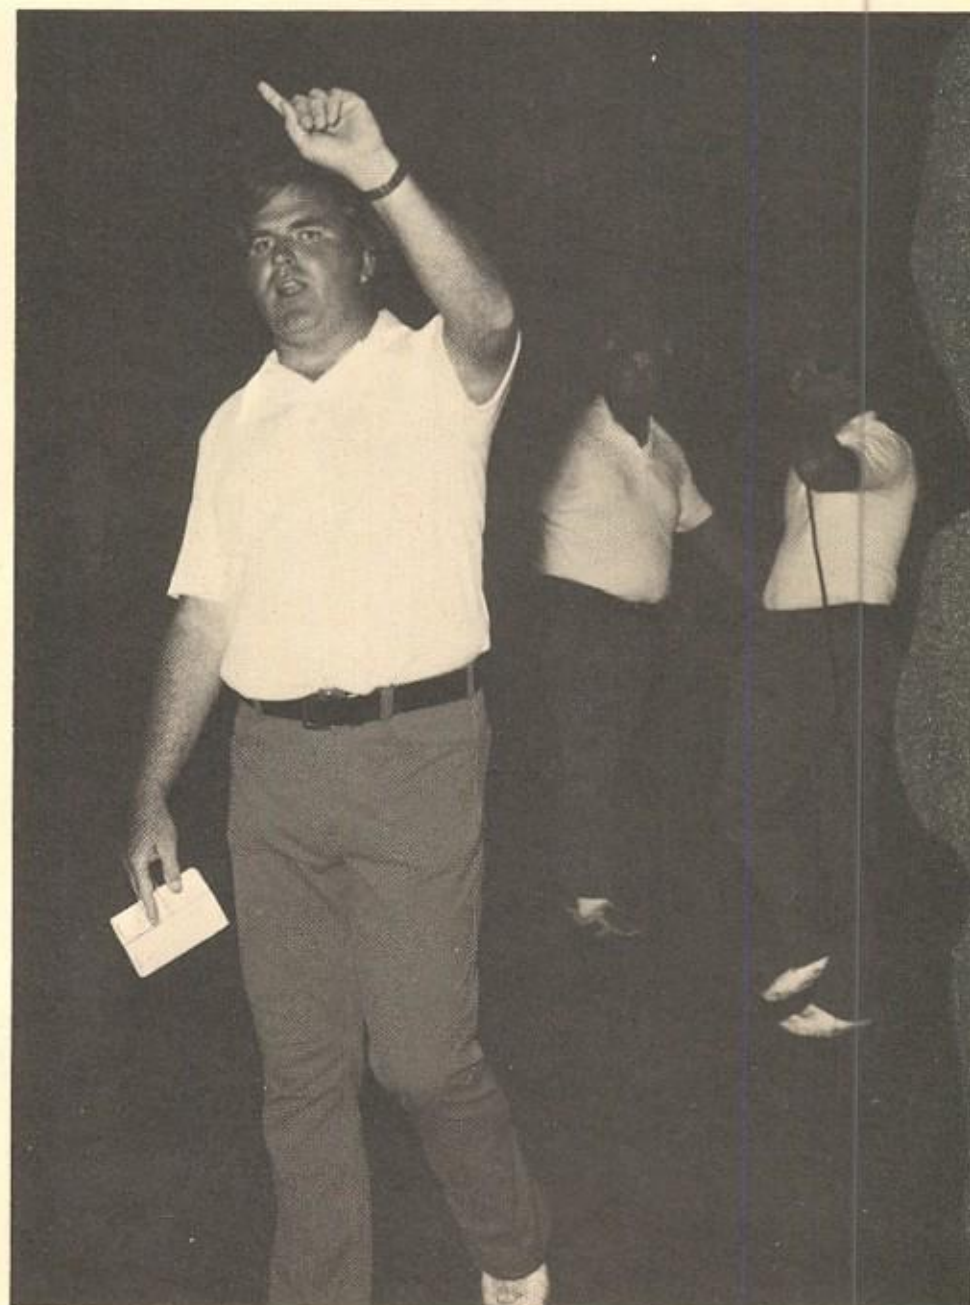

He Taught Us How to Win

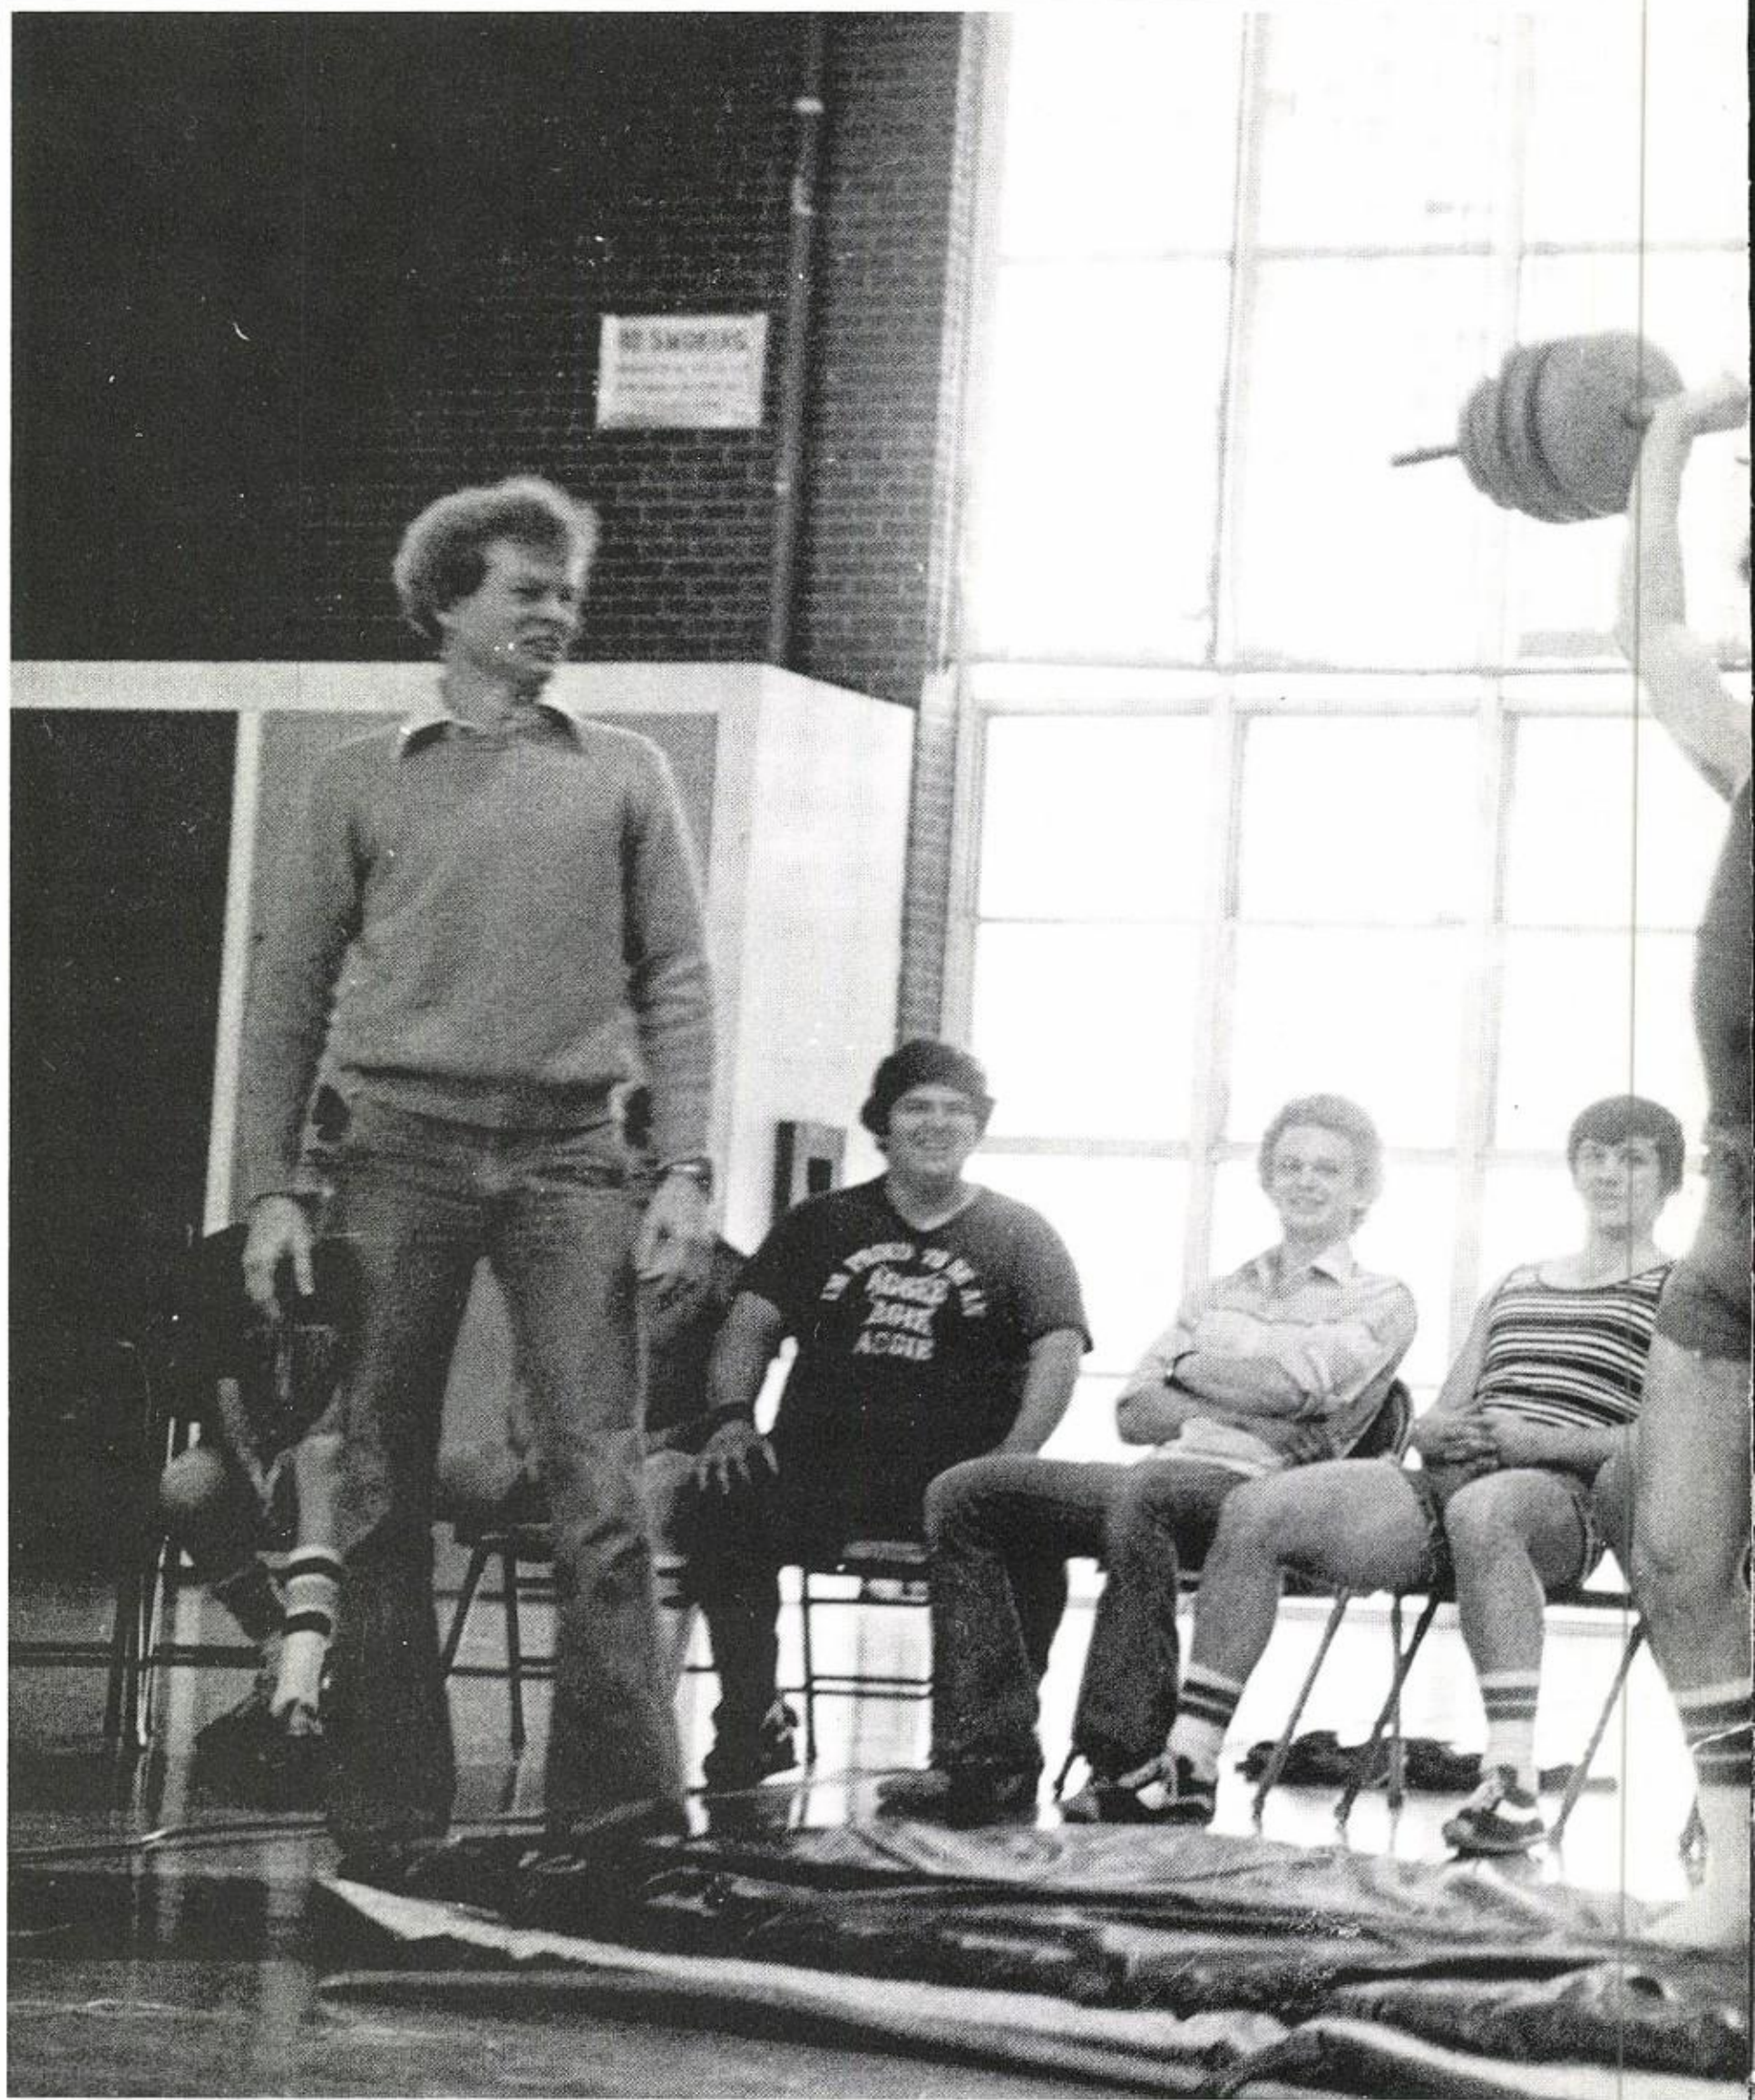

Neal Wilson is a man who has never been ashamed to show his moods and emotions. It was amazing to the masses who followed the success of his football teams to see his unlimited determination in trying to achieve a goal. And also to realize that a man who can be so hard-driving on the field could also be the same person who could talk to a student body with tear-filled eyes, and express words that would be more motivating than a pep rally itself.

This man gave seven years of that kind of self to Boswell. Not only did he prove his willingness to work to be a winner on the field, but his inspiration and influence to students off the field was clearly visible.

Losing Coach Wilson to another school cannot cause us to be sad, but because of the person he is, make us glad for his opportunity to advance. The examples Neal Wilson set for us will follow him for a long time. Because he taught us how to be winners, and along with that, how to be humble.

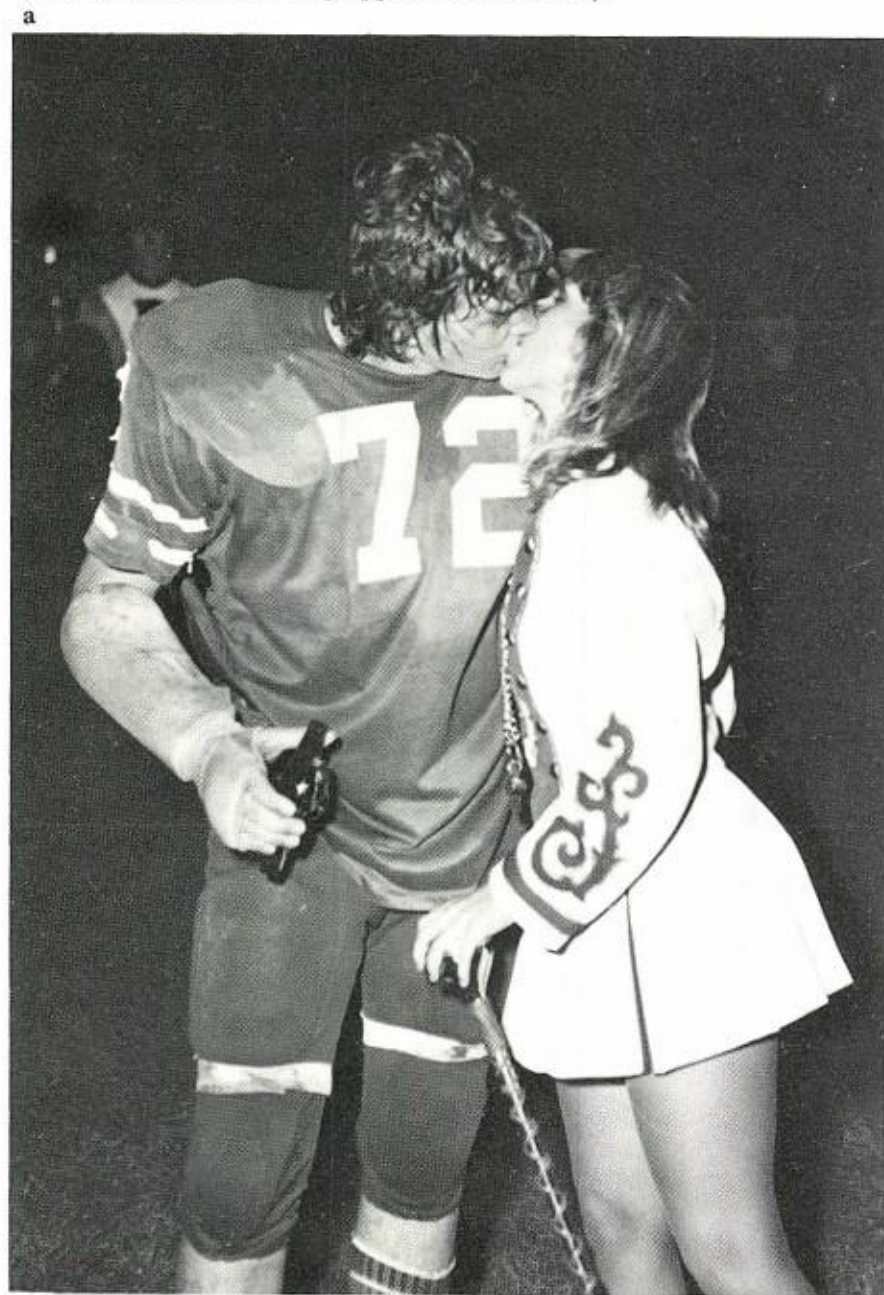

Activities, both at school and extra-curricular, were a welcome break throughout the school year for students who became “bogged down” in their “never ending” studies.

Homecoming festivities lightened the eyes of many Pioneers, as enthusiasm built while cheering their team to victory. Along with the other club activities, Boswell’s students kept busy looking forward to such annual events as the 50’s Sock Hop, Thoughts on Stage, Prom, and Graduation. This year, making sure that ole Bos wasn’t to be forgotten for its fun, there were such added attractions as the Mr. Muscle contest and the Senior Follies which helped us keep a smile on our faces.

LEARNING—To acquire knowledge through study, experience or teaching. That's why Boswell is here, to help us learn what knowledge life requires. The school not only offers the basic classes, but also the fine arts which promotes our natural talents such as acting and singing, and if Boswell's academics fall short of meeting the needs of individuals, there are the counselors and administrators who are there to lend a helping hand.

And last, but not least, there are the other people who made Boswell complete. The friendships and relationships which are made also are tools which help people to learn and understand.

LEARNING

Learning: With the Basics

The earth is a sphere, America was discovered by Columbus, and his name is spelled with one "l". There is so much to learn. And at Boswell High we start with the "basics". For starters there is reading, writing, and spelling which is called English. Here, students are enlightened with the gift of proper speech, and the art of diagramming.

Math, algebra, and geometry. They call this group Mathematics. A collection of numbers, letters, and signs which

seems to be an endless subject.

Biology, physics, and chemistry are known as the sciences and finally, American and world history, geography and government; a review of social studies to help our future.

Students understand that the choice is not whether or not to take these classes, but whether or not to learn from them. It's the only way to start, with the basics.

The Arts

Many students desire more than just the basics. The solution to this problem is in the arts, where students are given the chance to show more than just intelligence, with the opportunity to display creativity and feelings.

The arts include many things. There is the art of music with the band and choir. There is also the industrial arts, with creations of wood and metal and more. There is the art of acting which includes speech and drama, the art of homemaking, language, journalism and of course, there is art, both beginning and advanced.

The arts give students a chance to learn many things, but more important, it gives them the opportunity to teach. Students and faculty are able to teach each other, sharing ideas combined with knowledge. All of these define special people learning in a special way.

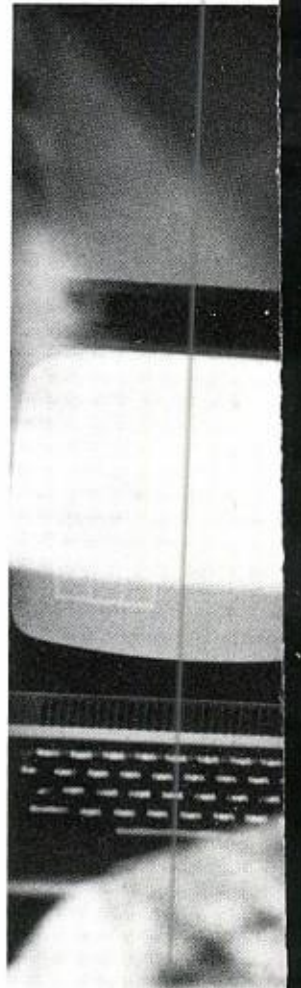

The Skills

Basic classroom studies occupy much of a student's time. However, some still find the time to pursue another type of education. Learning skills combines a physical education along with a mental one. These courses, which include work programs, prepare students for future careers by providing jobs now.

The skills give students the opportunity to work not only with their hands but also with their minds.

There are limitless numbers of skills to be learned. Office skills are learned in Office Duplication and VOE. Industrial skills can be attained through ICT classes, and there are the management skills taught in Distributive Education. Mechanical and Construction Trades offer a skill for those in CVAE classes, as does CVAE-Co-Op.

Preparation for an occupation, a physical as well as mental education, along with the chance to work with people and earn money, are what the skills do for students.

Whiz Quiz Kids Utilize Learning

Having a combination of knowledge in the basics, the arts, and the skills describes Boswell's Whiz Quiz kids. Competing in Whiz Quiz Competition this year for the first time were several Boswell students who proved to be well-rounded in the knowledge of various subjects. The team was sponsored by Miss Kathy Ott and Mr. Forrest Lykins.

Whiz Quiz combines much general knowledge along with the excitement and pleasure of competition.

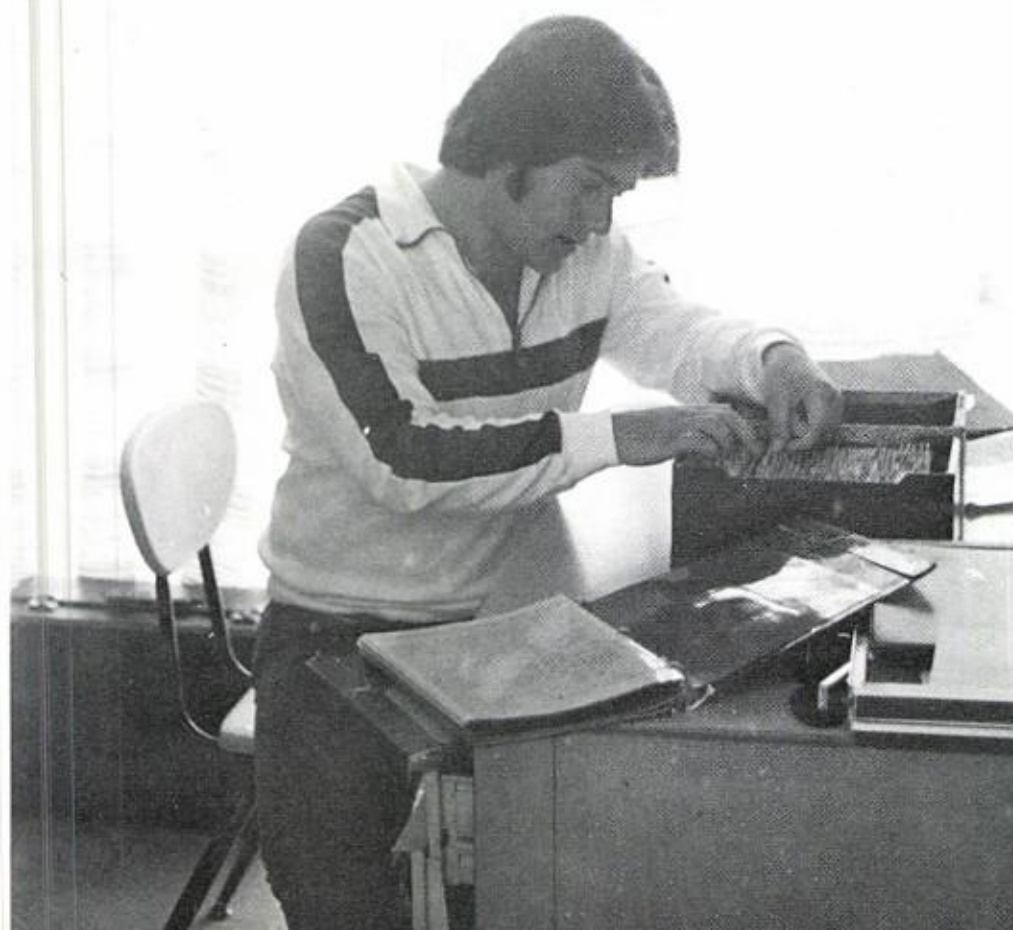

The Whiz Quiz is a tournament similar to the "College Bowl". The teams consist of four players who compete with another team on a wide variety of subjects including math, history, science, and music. The Whiz Quiz kids practiced several hours each week preparing for their tournament. There were no qualifications to be a part of the Whiz Quiz except a desire to compete.

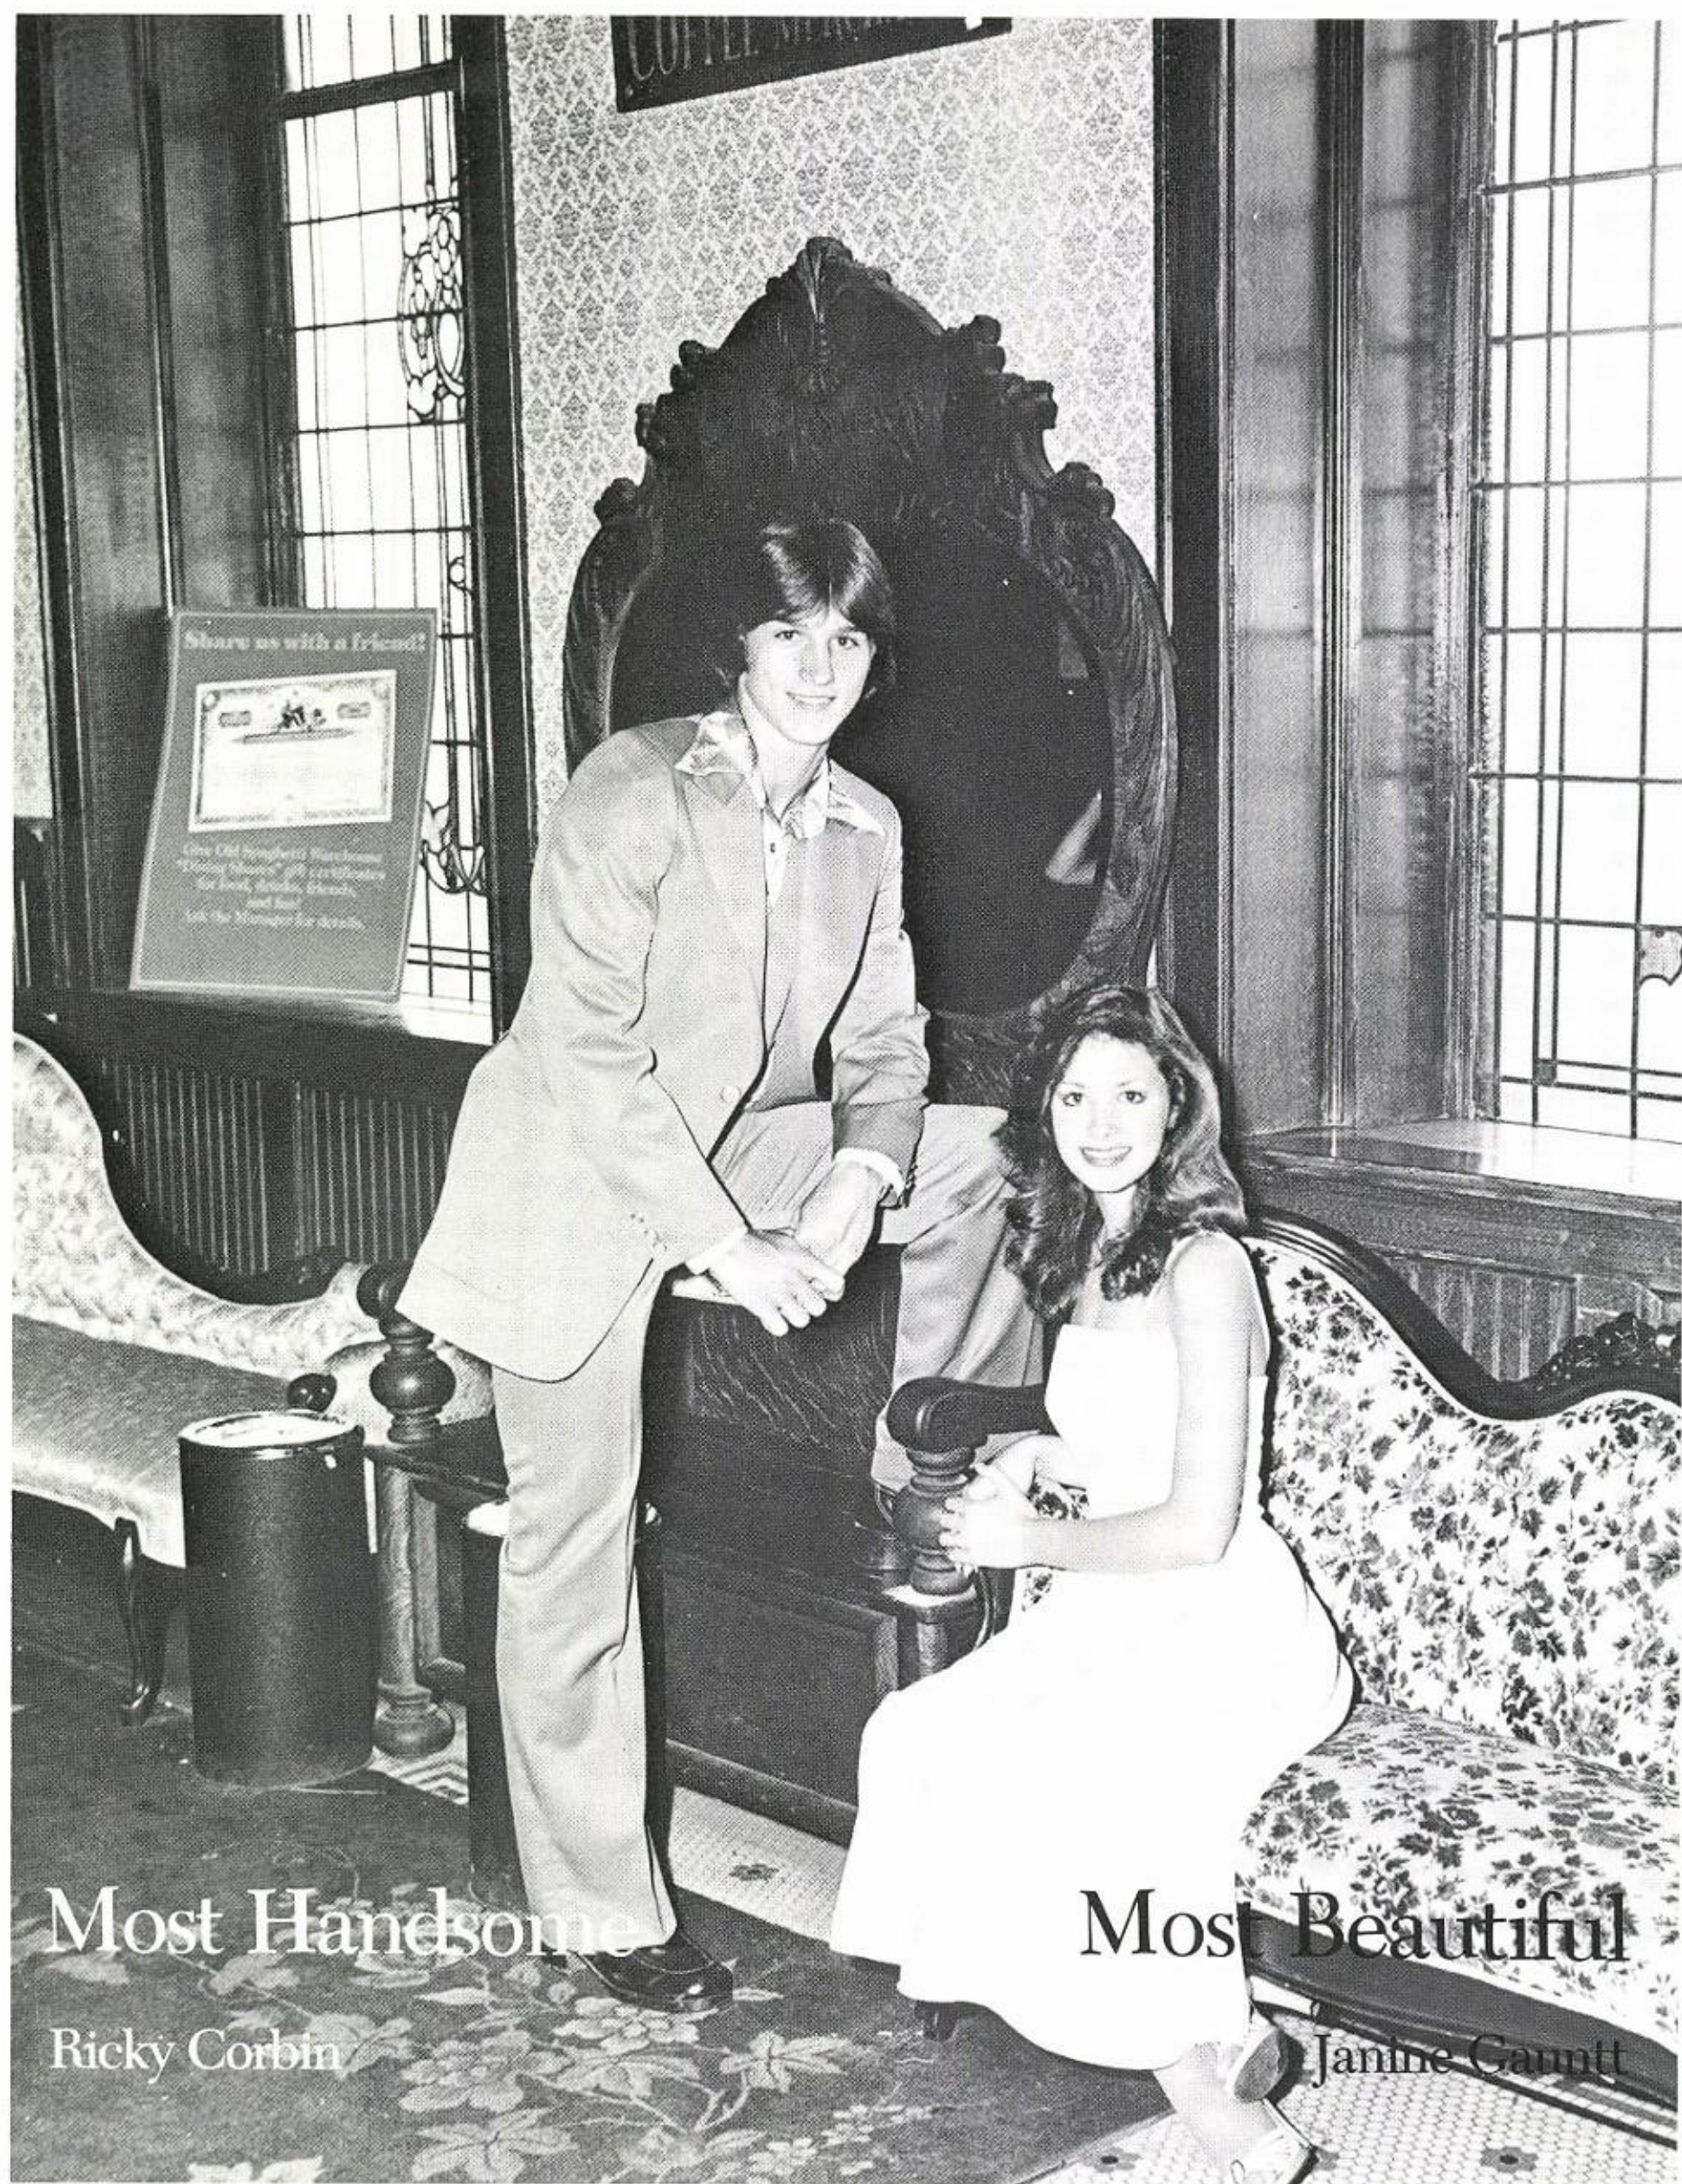

Mr. and Miss Boswell

Tina Elledge

Kyle Watson

Miss Boswell, Tina Elledge, was an active participant in basketball the last four years along with competing in track. She was not only athletically inclined but she also served on the student council and was class president for two years. Her future plans after graduation include studying to become an interior decorator and further developing her ability in art. Mr. Boswell, Kyle Watson, was a football manager for several years and was selected to be the Pioneer Mascot this year. He competed in debate for four years and, along with his partner, won the state championship in 1978. Kyle was also on the student council. His future plans include studying pre-law at Baylor.

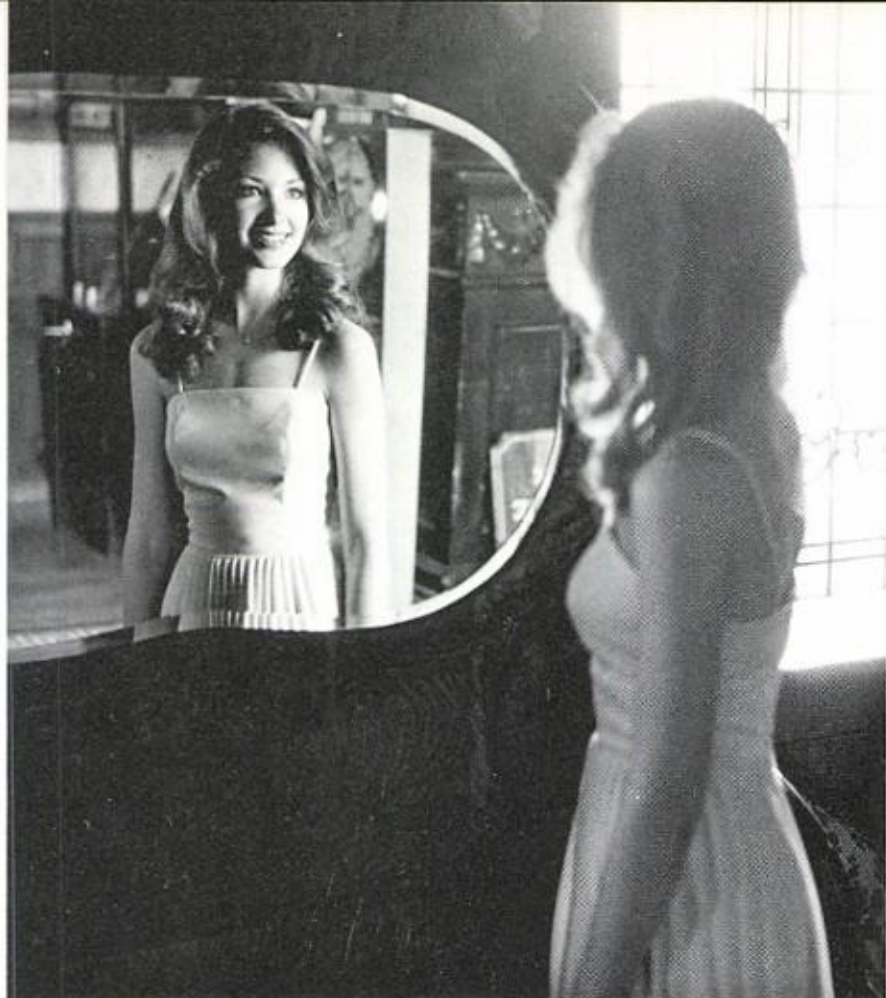

Most Handsome

Ricky Corbin

Most Beautiful

Janine Gauntt

Freshman Janine Gauntt and Junior Ricky Corbin were selected from seventeen nominees as Most Beautiful and Most Handsome by judges prior to the year's "Thoughts on Stage" presentation.

Janine, whose interests include singing, dancing, and acting, danced and sang her way to win the district talent show in March. During the year she led cheers for the freshmen teams, while also concentrating on her academic subjects as well as her hobby, modeling.

Ricky maintained an excellent grade average although much of his time was spent practicing for athletic events. As a member of the varsity football team, he was a key ground gainer, then changed into track shoes to go to regional with the mile relay team. As an outfielder, he helped the Pioneer sluggers capture the zone title and go into play-offs in May.

It was easy to prove we were good competitors; champions at that. Many can sit back and say that they are number one but there are others who are determined to go out and prove it. The 1977-1978 Pioneer football team proved it early by playing pre-season scrimmages which was only the beginning to becoming the 3A state quarter-finalists. The cross country team was on its feet running all the way to state with the girls' basketball team right behind them finishing their season in the district playoffs. A winning track team, volleyball, tennis, golf, baseball players, and gymnasts are not to be forgotten either. The determination and dedication exhibited by each athlete reflected the overall attitude of what it took to be a winner.

Pioneers Take It to the Limit

1977 Quarter-final Champs

What came to be known as the "Blue Machine" kept thousands of fans entertained and on the edge of their bleachers throughout the longest football season and the road to the state semi-finals for the 1977 Pioneer team.

With an offense that rolled up 5,734 yards on the turf and in the air, Coach Neal Wilson, who was later named "Coach of the Year" by his peers, took his team to within one game of the state crown. After four months of hard work and determination, the Pioneers compiled a 12-1-1 season.

Perhaps the most satisfying victory for the winning Pioneers was the bi-district contest against the Gainesville Leopards, who the Blue Streak managed to score 28 points against in the second quarter, having been down by 14. It was the first bi-district trophy to be carried home by a 3A-5 representative in over 15 years, as the Pioneers won the game 5-4 on penetrations, after a 28-28 deadlock.

Atlanta was Boswell's next foe in the ultra modern Mesquite Stadium, and a 24-0 victory carried the Blue team on to meet well-known Brownwood in the state semi-finals. The Brownwood team was the first and last to hand the Pioneers a defeat during 1977, but it was the one that counted, taking away their chances of playing for the state championship after the 42-28 romp.

Junior Quarterback Danny Henson skippered the team and carried the ball for 1,087 yards and led the district in points scored. With big offensive and defensive lines, the Pioneers held what was in front of them, or blocked for those who ran behind them. A true team effort it was that led the team to the best season ever.

a) Senior Billy Langley flies through the air as he is tripped up by an opponent. b) Junior Ricky Corbin fights for extra yardage as he is brought down by the Pioneers' opponents. c) Once again the Pioneers show what they are made of "Number 1 Material." d) Senior Paul Jacobs and Junior Mark Norman congratulate each other after making some more brilliant defensive work during the quarterfinal game against Atlanta.

Aggressive backs Billy Langley and Bobby Fowler crushed through some big holes to lay behind them the turf the team needed for points. Langley compiled 1,435 yards to break the school record, with Fowler following with 992.

Nine members of the Pioneers received all-district honors and 14 made honorable mention in 3A-5 pickings.

All-district were offensive split end, Ricky Mori; guard, Mark Techmeyer; tackle, Vernon Sanders; half back, Billy Langley and quarterback Danny Henson. Defensive district picks were Bobby Fowler, end; Chris Shaw, cornerback; Paul Jacobs, safety and Tony Smith, tackle.

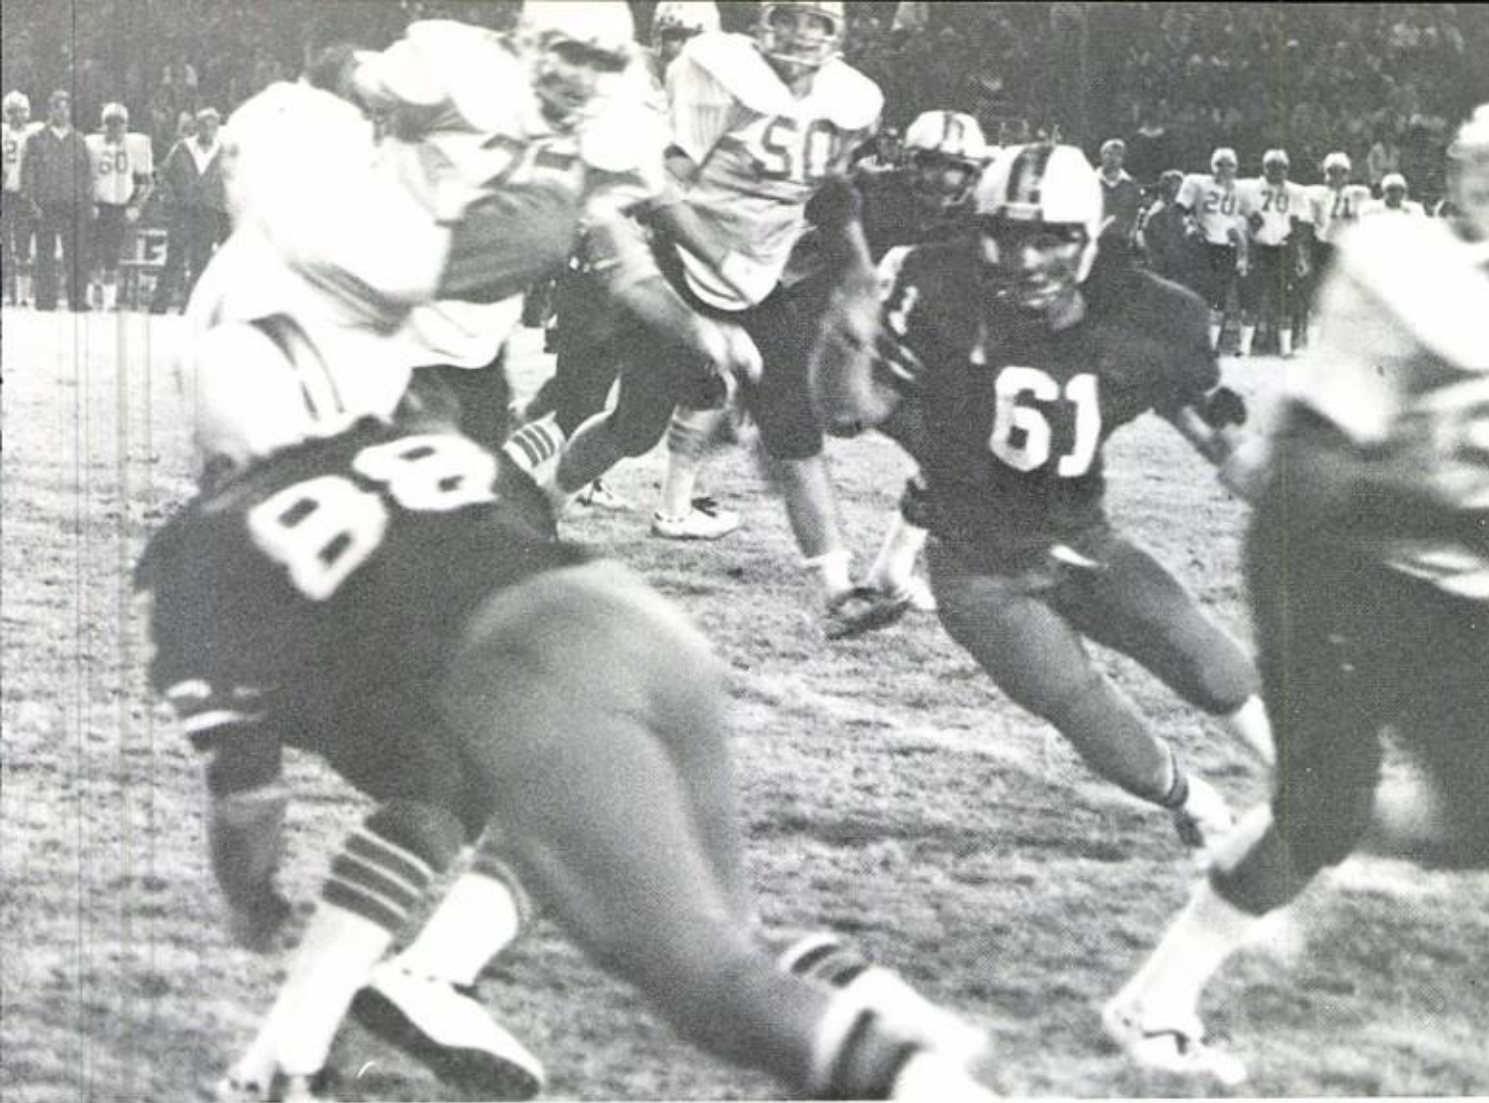

Making honorable mention were: Shaw, tight end; Randy Hutchens, guard; Mike Stokdyk, center; Doug Grope, tackle; Fowler, fullback; Ricky Corbin, half-back; Randy Newsom, split end. On the defensive team were: Grope, tackle; David George, noseguard; Techmeyer, linebacker; Burt Corbin, end; Scott Staton, safety; Ricky Mori, safety and Richard Murray, cornerback.

Junior Varsity

The junior varsity did an outstanding job during the season, finishing with a 6-4 overall record and 3-1 in zone play. Two of their defeats came in last-minute victories by opponents. In the Grapevine game, the Mustangs scored with nine seconds left in the game to defeat the Pioneers 20-14 and a last attempt to score near the Carter goal line was stopped by the Eagles' defense to give the Pioneers another close defeat.

The J.V. team was victorious against such arch rivals as Diamond Hill, 30-6; Azle, 14-12; North Side, 16-14 and Brewer, 26-0. The team was led by quarterback David McWhorter, who connected on many passes to Danny Pemberton. Jerry Davis led the young Pioneers in rushing and Marshall Woolsey, Greg Ingram and Kevin Stevenson were consistently picking off opponents' passes.

Freshman Football

The freshman football team finished up a great season with a 9-1 record overall and 4-0 in zone play. Their only loss came at the hands of the Mansfield Tigers.

The team's most exciting game was with North Side, who had already beaten Mansfield. Both defensive and offensive teams were strong throughout the season. The freshmen "B" team finished the season with a 3-0 record, playing other "B" teams before the freshmen "A" games.

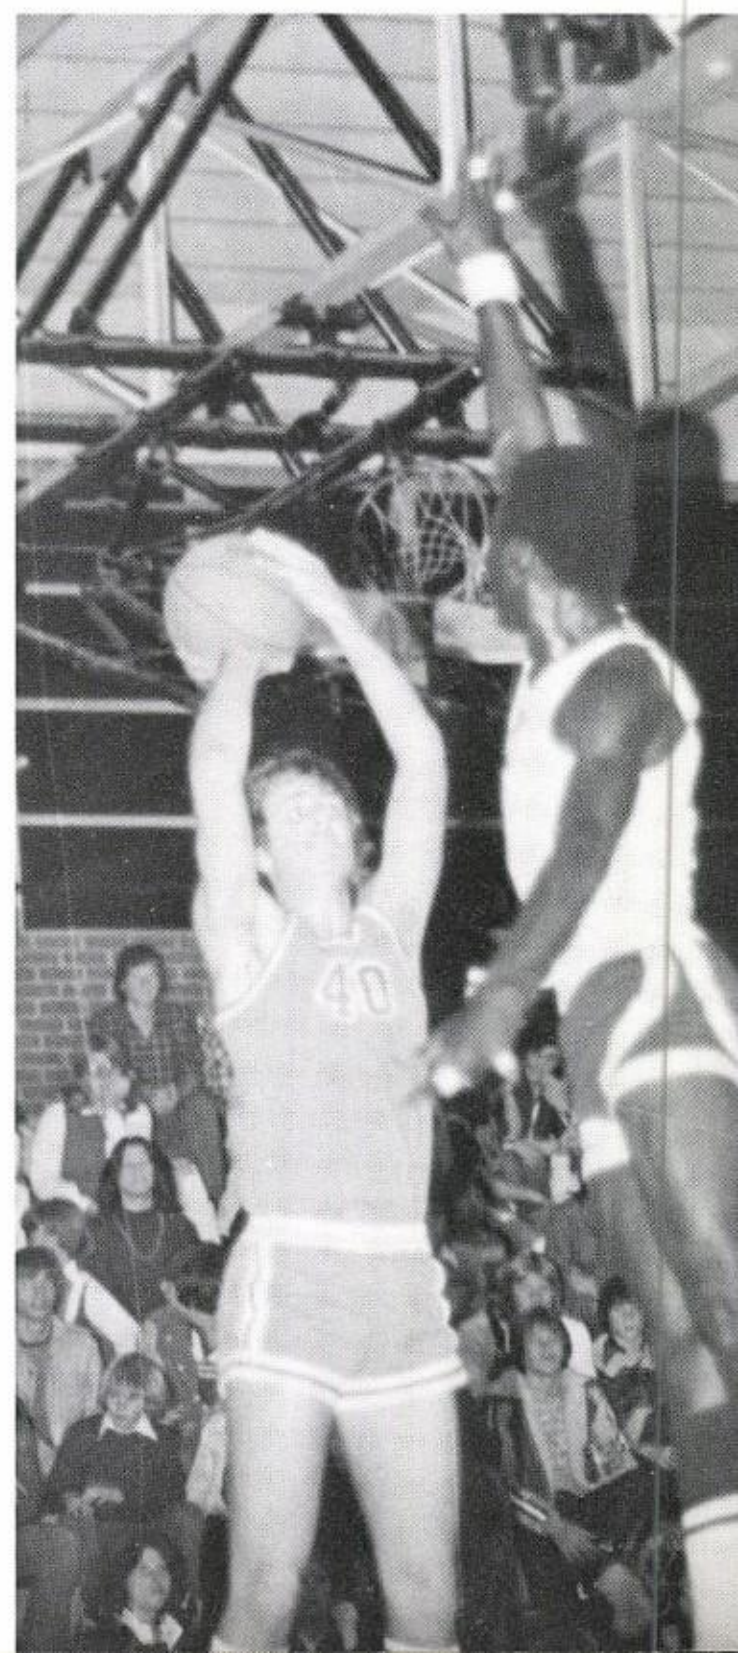

Brad Shaw quarterbacked the aggressive "A" squad, and led the team, with the help of backs Sammy Cruz and Alvis Yardley to a successful season.

Varsity Basketball

A losing season doesn't tell the story for the Boswell boys' basketball team. It was a very disappointing year, but much was accomplished inspite of the team's 2-22 record.

Coach John Craft feels that the seniors this year were responsible in helping to lay the foundation for the years' teams to come. Craft gave high recognition to seniors Paul Jacobs, Scott Staton, Kent Vincent, and David Dumas for not quitting or giving up knowing this season was their last, while having to battle a long and losing season.

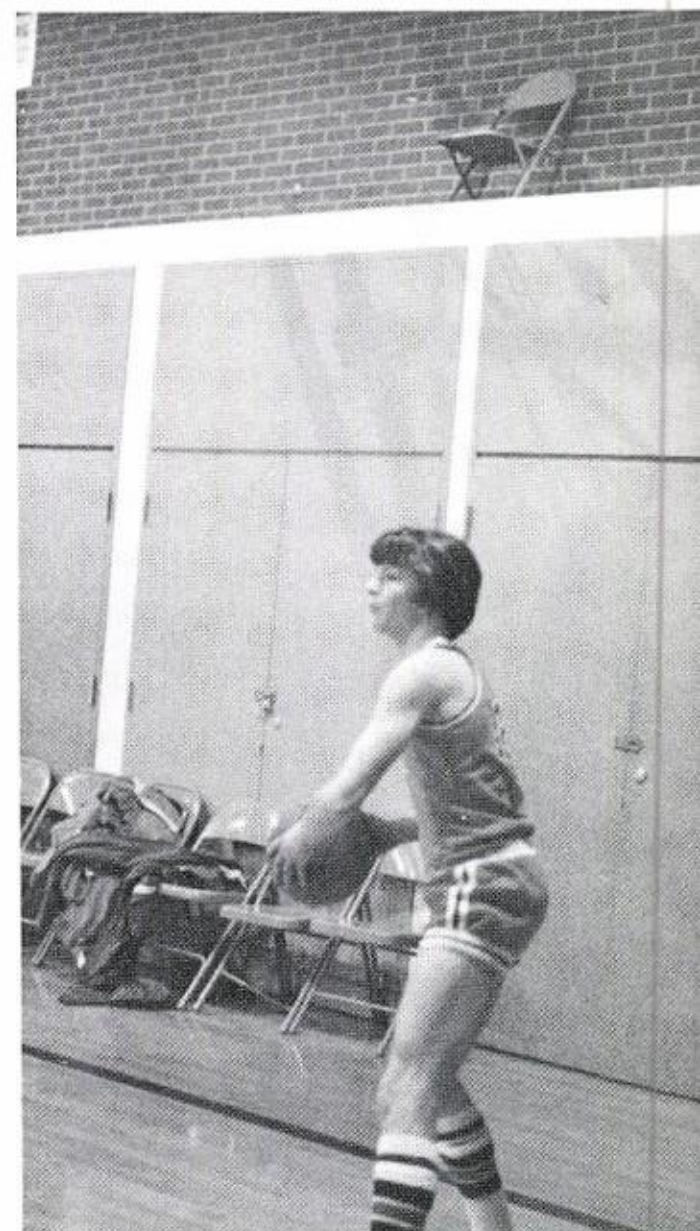

Although the roundballers record wasn't spectacular, it doesn't tell of some of the exciting games that were played. There were four games in a row when the Pioneers lost only by one or two points. Not only could these four games have gone either way, but three games later the team lost to Class B state-ranked Coppell by five points and again two games later the lost by one point state-ranked McKinney. Throughout the season there were three other games the Pioneers lost by only four, five, and six points.

Captains of the Pioneer team were Jacobs and Staton. The motivator of the team was Jacobs. Staton did a strong job of rebounding with help of Junior Chris Shaw and Sophomore Randy Lauderdale. Leading scorers for the team were Staton and Junior Tim Thornton. Thornton also led with most assists followed closely behind by sophomore Reed Bogue. Marty Ezell was another sophomore who has proven himself on a varsity ball club.

Junior Varsity Basketball

It was a difficult season for the Junior Varsity due to players being passed up and down from the Varsity team. In spite of the inconsistency they finished with 11 wins and 13 losses. They proved themselves to be highly competitive in the Kennedale tournament when they brought home a third place trophy and in the Azle tournament they received a consolation trophy. The overall season could be called successful, and a tribute to building a team for next year's varsity.

Outstanding team members were Gig Benton, Kelly Bailey, and Keith Jackson.

a) Keith Jackson shoots a jump shot over the heads of several defenders. b) A defender tries very hard to block Jackson's shot. c) Gig Benton doesn't get quite high enough to get the tip. d) Mike Crisco makes a desperate attempt to stop the opponent's shot.

Freshman Basketball

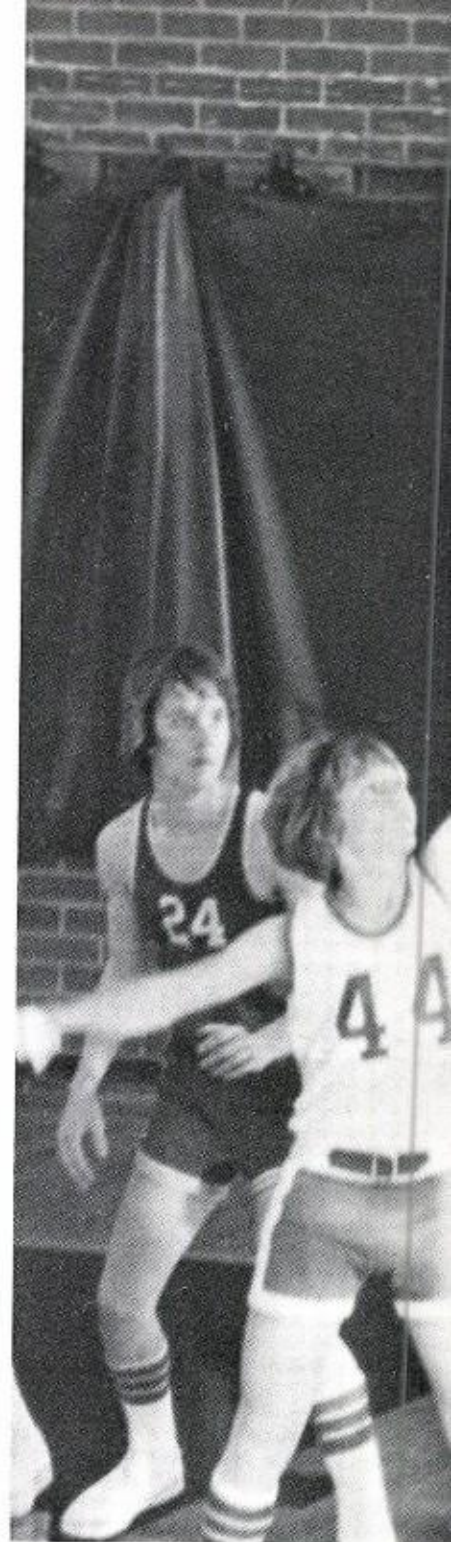

The freshmen had a season much like the junior varsity, but they had many games that were closer in the final score.

Their final record ended up at 10-13, with an exciting final victory against the Brewer Bears. They proved themselves in the Castleberry tournament by finishing second and then at their own tournament, receiving consolation.

Outstanding team members were Mike Burns, Jerry Barber, Brad Richards, and Brad Shaw. The team was coached by Mike Fritz.

Girls Earn Spot In District Play-offs

The girls' varsity basketball team got off to a slow start in the pre-district games with only one returning starter.

The lack of experience was a disadvantage to the Pioneerettes, who had done so well the previous year. When district came around; however, the girls had developed their skills and gained the experience to put them in district play-offs. The Pioneerettes ended up in a three way tie for district with the Azle Hornets and the Mansfield Tigers. The Hornets, whom the Pioneers had beaten in the first game of the play-offs, proved to be their stumbling block on the way to the top. They beat Boswell in the second half of the play-offs to knock them out of advancing further. The team, led by forwards Lisa Daughtrey and Dorothy Hamman and guard Lynda Bicknell, had a season record of 20 wins and 11 losses.

Daughtrey was high point scorer for the year with 799 points, followed by Hamman, who scored 633 points. Bicknell led the guards in rebounding with 244 rebounds and Daughtrey led the forwards with 191. Junior Beckie Stafford proved valuable on both ends of the court. The Pioneers attempted 706 free throws, but made only 373.

Although the girls may be changing to full-court next year and playing a whole different ball game, they should still be a rather experienced team as they will be losing only one senior starter, and will regain two sophomores who saw plenty of court action this season. Four juniors will also be returning to the team with plenty of experience.

Junior Varsity

The Junior Varsity and Freshmen teams began practically a new sport this year by playing full court ball. The J.V. lost one starter, Jill Hefflinger, who was moved up to varsity. They had a hard time getting started, along with the Freshman, but the J.V. girls promise some good talent for next year. Leading on the junior varsity were Diana Wartelle, Debbie Wagner, Debbie Hill and Susie Reece. Hill and Reece, who originally began as guards, also played well as forwards.

Freshman Basketball

Talent for the freshmen included Karen Lomerson, Mary Kay Winchell, and LeAnn Trapp. Theresa Bicknell and Dayna Henson also showed talent in the freshman team games. The frosh placed second in the Grapevine Tournament this year.

Overall, the two teams spent their year trying to master full court basketball with the help of their coaches, Debbie Biondi and Ernie Enax.

Cross Country Goes To State

The Cross Country team made history this year with their first win of the season, and didn't stop until they returned from a trip to the state meet in Georgetown.

The road to state was paved with wins which came with second places at Grapevine, at St. Marks, and Nolan and third at Jesuit and first place wins at Poly, Arlington, and the Fort Worth meets.

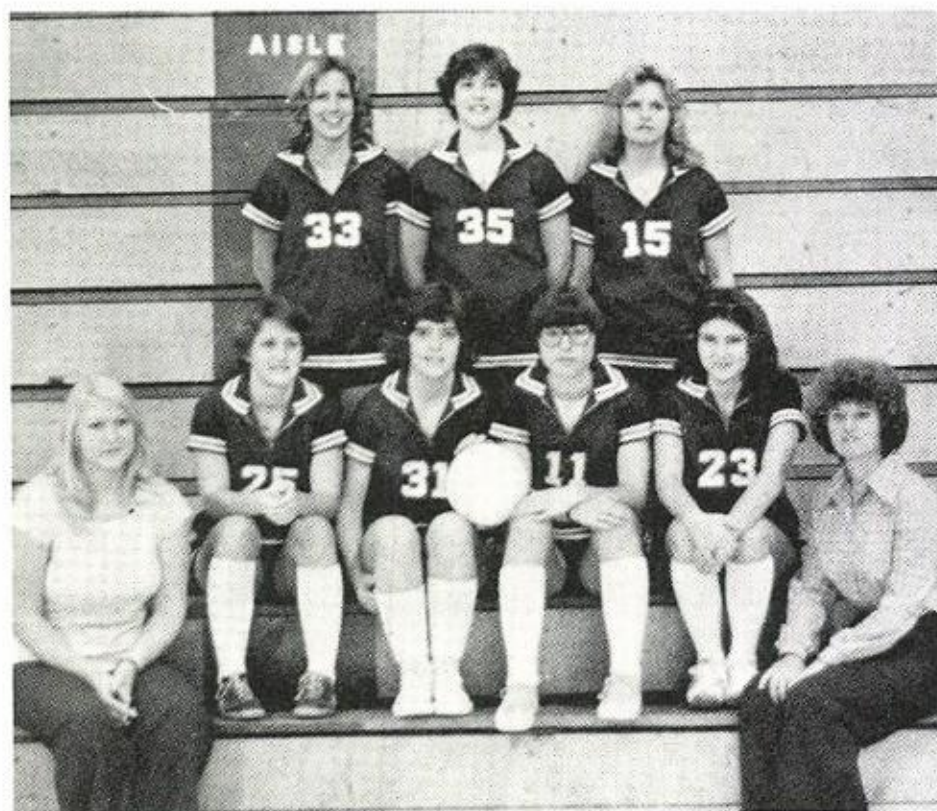

The team won district at Grapevine and the regional meet, which was held at Arlington's Vandergriff Park.

Running miles and miles in preparation for each meet paid off for the entire team who took fifth place at state competition.

Track

The success of this year's track season for Coach David Ballauer's cindermen could be easily summed up by counting the many new records they set. Qualifying for the regional meet in Denton were the mile relay team, Butch Hoover in the 880 and Ricky Mori and Paul Jacobs in the 440. Boswell's track team won all the meets they entered except for two, which were the Mustang Relays, where they took second, and district, where they took another behind North Side. They looked good in all their outings and are in hopes of another good season next year.

There were many tracksters who consistently finished in the top five all season long but did not qualify for regionals. They were Roger Corbin in pole vault; Ricky Mori, who set a new school record in long jump; and Dewain Smith who also set a new school record in the 330 and 120 hurdles. The 440 relay team was also a help in taking firsts this season. They took first at the Grapevine Invitational, Bear Relays, Carter Invitational, Weatherford's Roo Relays, and a three-way meet at Farrington Field. This year the annual Pioneer Relays, the first meet of the season hosted by the Pioneers, was cancelled due to cold weather.

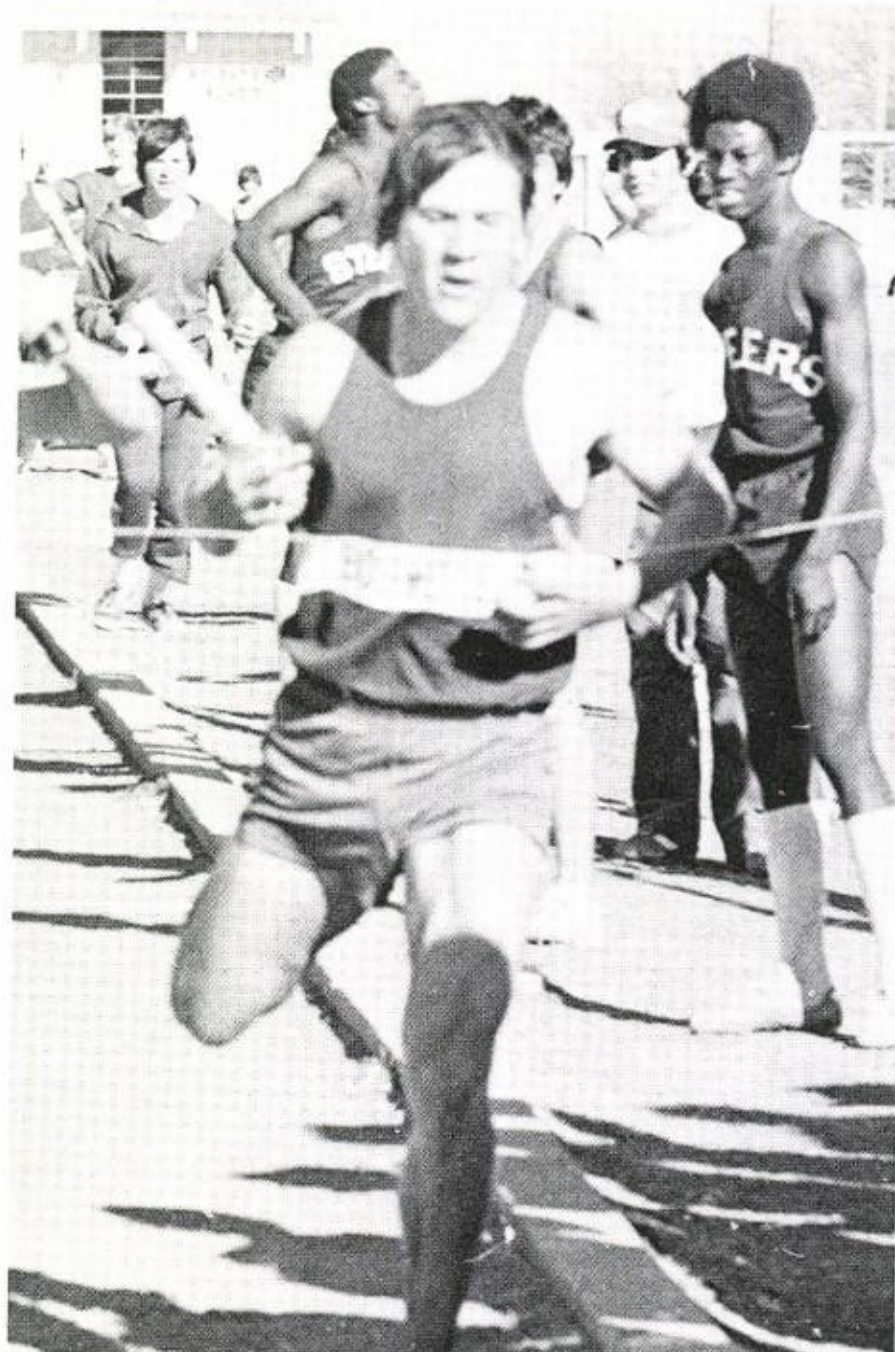

Also competing consistently for the Pioneers were junior varsity and freshman teams, who made good showings at each meet.

Girls' Track

Girls' track started out slow this year. A lot of girls in track were also on the girls basketball team and didn't know whether to run or "learn to shoot". In final competition the team was made up of freshmen, sophomores, and juniors. The young team did well at district. The mile relay team, consisting of Melanie Davis, Sonja Elledge, Susan Keys, and Karen Lomerson, and alternate Pat Selby, qualified for regional. The team placed third in regional with a time of 4.089. The 440 and 880 relays placed between first and fifth in all the meets. They consisted of Dayna Henson, Christy Keith, Pat Selby, and Tammy Stafford. Many girls earned varsity letters for their competitiveness. They included Angela Fuchs, in the discus, Kathy Kallas in the high jump, Lisa Daughtrey in the triple jump, Anke Sondhof and Susan Keys in the 880 runs, Melanie Davis in the 440 dash, and mile relay and all the relay teams listed above.

b

Gymnastics

The Boswell gymnastics team began its year with the annual fall gymnastics class for area residents. From there they went into their competitive season under the instruction of coaches Cheryl Tabor and Darrell Daniel. Having only lost three gymnasts last year, they were predicted to be very strong, and they proved this by taking several members of the team to state competition.

Those competing at the state meet in San Angelo were senior Dennis Gray on parallel bars, juniors Melinda Newcom on vault and Don Allison, pommel horse. Sophomore Janet Fulkerson competed in floor, exercise, vault, and uneven bars.

As the year's competitive season ended, the team had already begun preparation for a new year which included intersquad meets, exhibitions, and other fund-raising activities for the state meet.

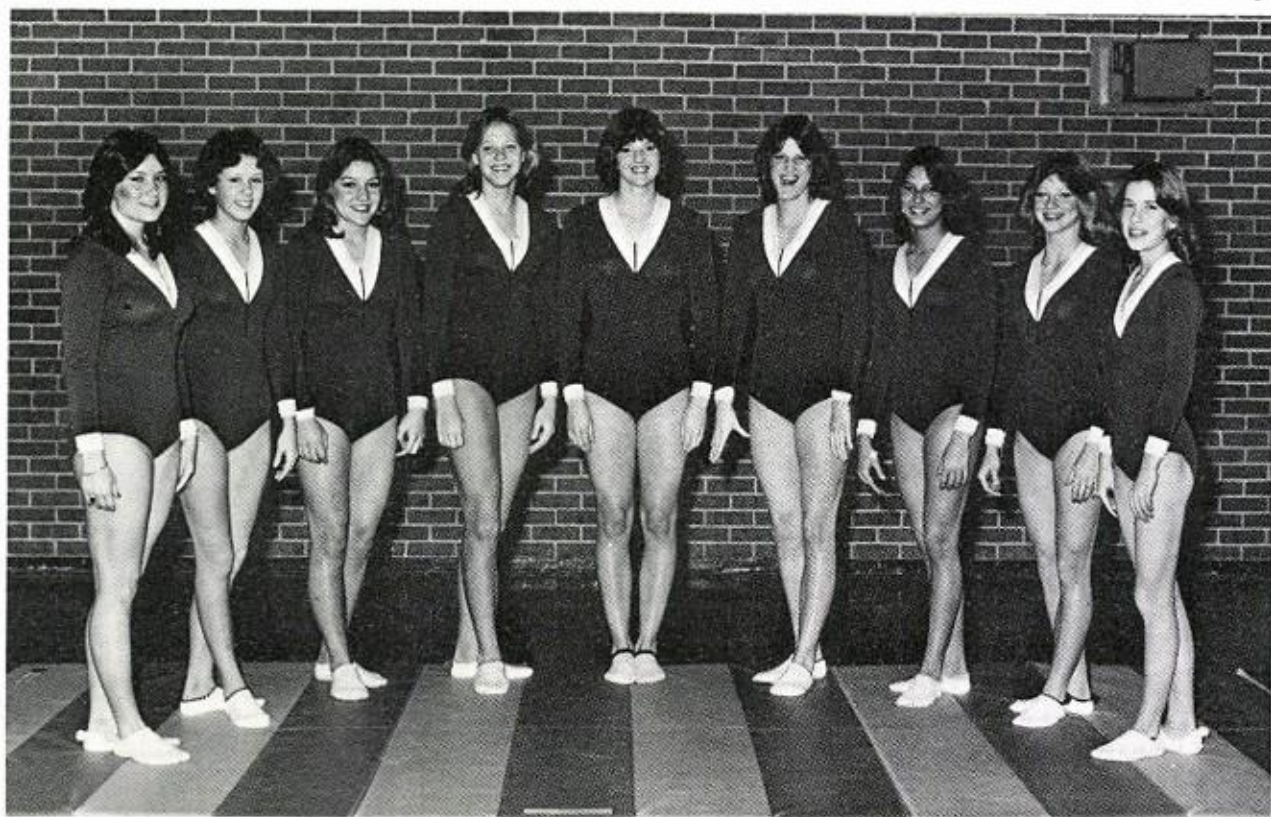

Not only were individual gymnast successful, but the team as a whole placed third in the regional meet held at L.D. Bell.

Basemen Win Bi-District

Boswell's sluggers batted their way to the district crown and made their way into play-offs past graduation and just short of a trip to the state tournament.

After taking their first district title in the history of the school, the Pioneer nine, who started the year with only four returning players, grabbed two games in a row from Waxahachie to claim the bi-district crown. The superb pitching of Danny Henson and Paul Jacobs led the team to Mt. Pleasant, where they took the first of a three-game series, 12-9. The Tigers proved to be the Pioneers' stumbling block as they took the next two games; 3-2 in nine innings and 4-2, to stall the Pioneers' bid for state.

In district play, the team compiled a 11-3 record, with a 7-1 zone tally, with their only zone defeat coming from Castleberry, who the Pioneers defeated in their final game 17-4 to take the west zone. The basemen defeated Diamond Hill for district in a three-game series.

Consistent hitting and defensive play were the elements which contributed to the team's success. Behind the pitching of Jacobs and Henson, the team was led in hitting by Danny Pemberton, Rich Houston, Ricky Mori, with help at the plate also from Jacobs.

Making all-district were Mori, Jacobs and Henson. On the all-zone roster with the three was catcher Rich Houston.

Tennis

The tennis team had an exceptionally good year with the Boys' A Doubles team advancing to regionals in Denton. This year Coach Harold Hawthorne divided the team into two separate groups; a boys' and a girls' team. The boys' team finished out their season with Barry Davis and Mike Bell teaming up to play A doubles. Davis and Bell combined their efforts and took many victories. Some of which were the Newman-Smith Tournament, where they took first place. They also played in district at Grapevine and again took another first to qualify them for regional play where their season ended.

The girls' team was young and inexperienced. Tami Womack was the only senior, with the remainder of the team consisting of sophomores and freshmen. Sandy Parker had the best record and Mary Kay Winchell proved to be the strongest. If the team really works hard they should have a better record since they will have seven freshmen and two sophomores who will be returning, according to Coach Hawthorne.

Golf

Boswell boy's golf team placed first in district 3A-5 after a great season. This gave them a chance for the regional tournament in Denton. The second team placed sixth in district out of 14 other teams. The first team consisted of Mark Crisco, Reed Bogue, Phillip Taylor, Marty Satterfield, and Danny Morris.

The girls' golf team was rather small. Even though there was only one member, she made up for those who didn't try out. Tracee Fowler, who was only a freshman this year, went to state and won second place. It began with the first few tournaments. Tracee placed second in district, which enabled her to move on to regional, where she took first place. She made the trip to Austin for the state tournament and placed second there also.

Tracee has plans to go on the women's professional tour later in her future.

c

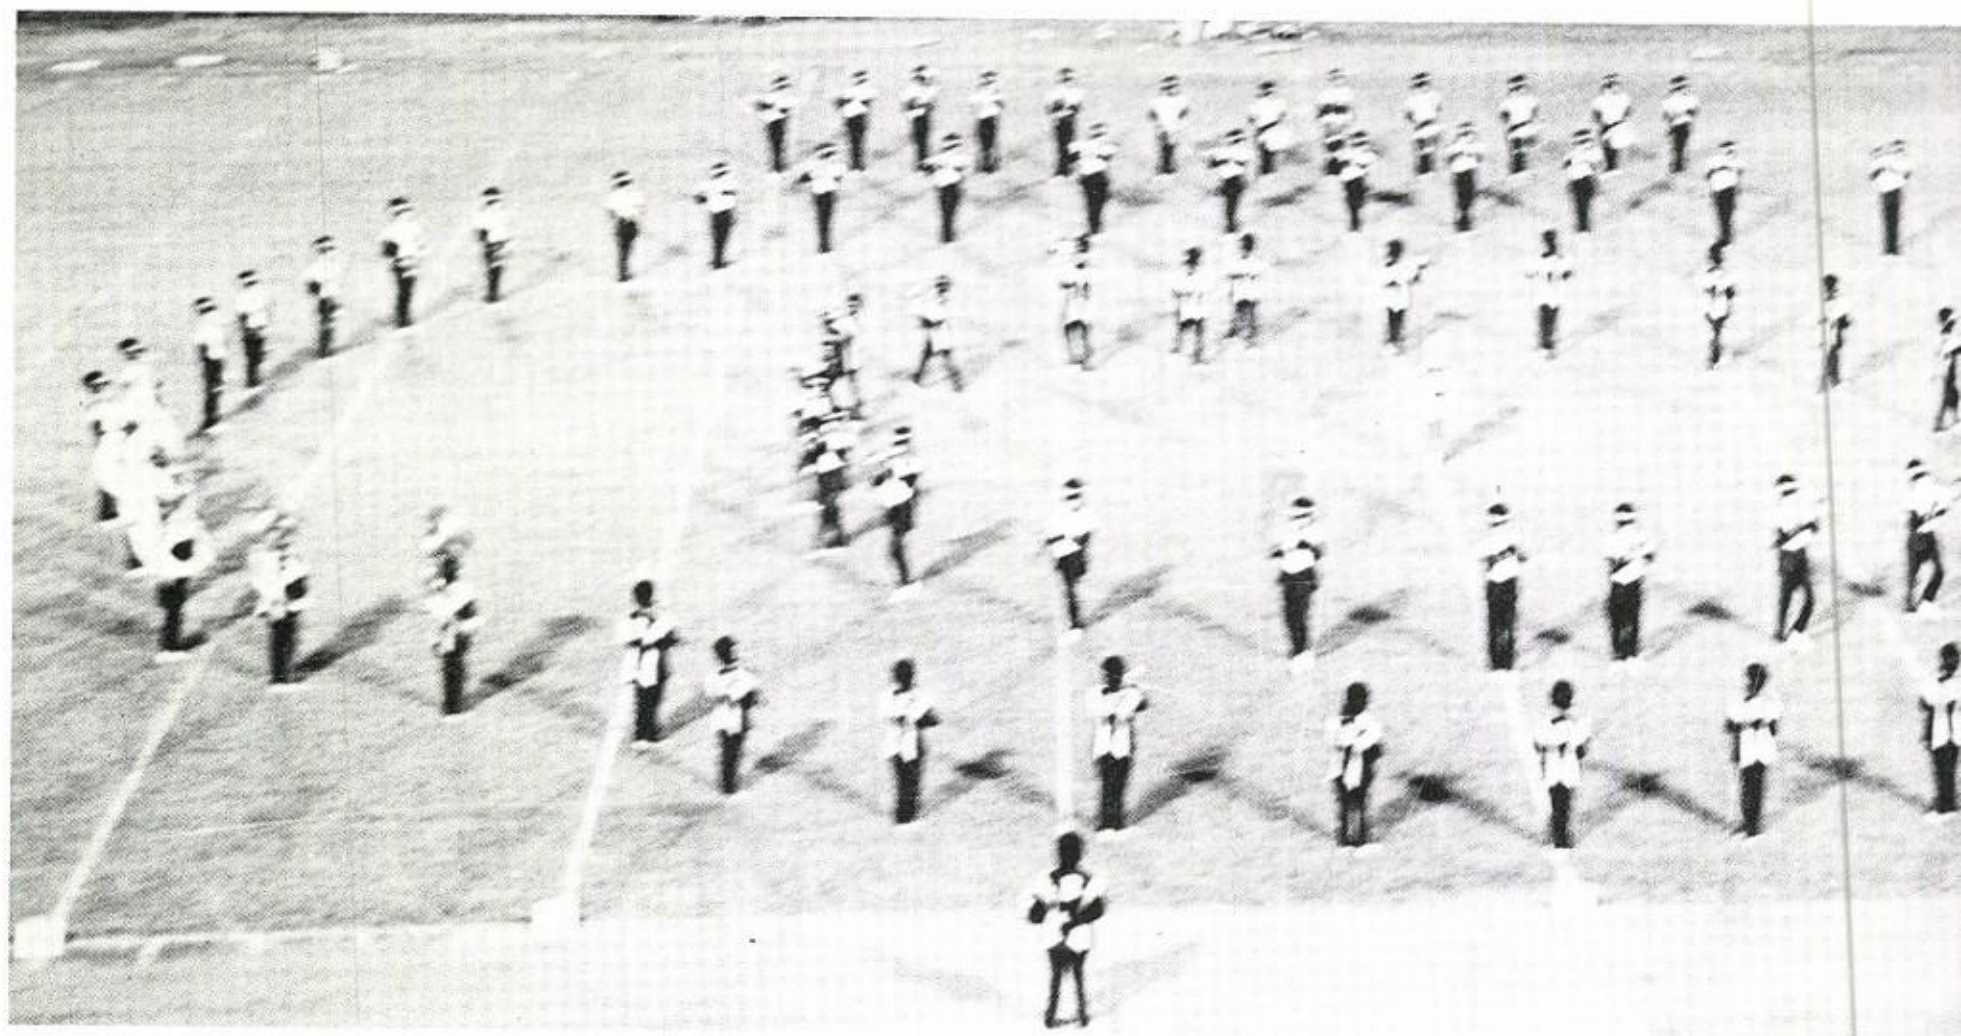

This was a year when clubs made it all happen. The traditional "Teacher of the Month" sponsored by FTA, and the annual student-faculty volleyball game started the year off with a big boom.

The Thespians presented the production of the "Wizard of Oz" which in turn gave other clubs the momentum to get into the action. As Thanksgiving rolled around, the hearts of many were opened as shown by the canned-food drive sponsored by the student council and the HERO toy drive that was aimed at aiding underprivileged families in our community.

As the time began to pass, all of the clubs of "Big Bos" seem to go into full swing. Their good deeds and helpful hands accomplished a lot in such a short time.

And can you believe it? It was done all in a year

ORGANIZA- TIONS

Pioneer Band

The highlights of the 1977-78 year for the Boswell Band was the first division rating they received at U.I.L. Marching Contest. The band also attended the Southwest Music Festival at Galveston during the spring.

Under the leadership of their new director, Chuck Maxwell, the band has established the reputation of being one of the best bands that Boswell has had.

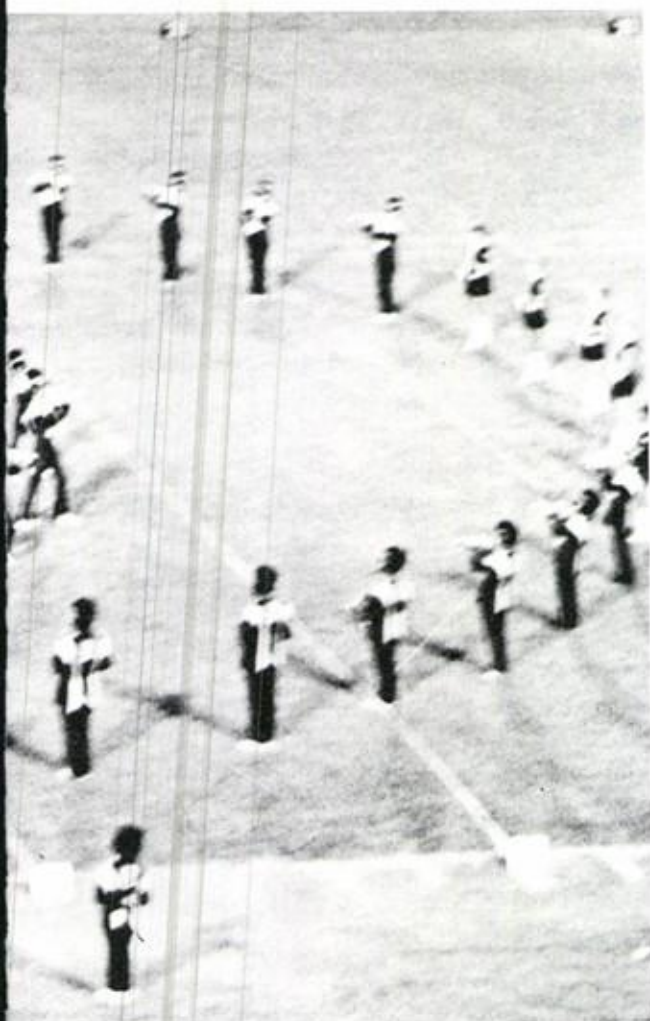

The band stepped off on the right foot in '77 by making their first one rating in five years at the Cleburne Marching Festival. The band kept on their winning form by receiving a first division at the U.I.L. Marching Contests at Farrington Field on November 1.

Under field leadership of senior Cathy Nutt, the Sound Machine received many standing ovations at home games as well as away games. At the last regular season home football game Cathy Nutt and Jim McClanahan were selected as Band Sweetheart and Band Beau, but only after Karen Bell, Darla Hard, and Laurie Brooks twirled with fire in a spectacular lights-out routine to the theme song of "Rocky".

In January the band marched the streets of downtown Fort Worth in the Stock Show Parade. Also in January, several students attended the All-Region tryouts. Senior Laurie Brooks and sophomore Pat Vawter were selected for the All-Region Band and performed with the band on January 7.

In February, the band gave a mid-winter concert for the public at the First Baptist Church in Saginaw. This also was the first public appearance of the newly established

Band Booster Club. The booster club has had several fund raising activities to help send the band to Galveston.

Several students from the band attended the U.I.L. Solo and Ensemble Contests in March at UTA.

In April, the band took a trip to Galveston for the Southwest Music Festival. They received a second division rating from three top judges in the nation. When they returned they began working on their music for the U.I.L. Concert and Sightreading Contests which were held in April.

FFA

The FFAers competed in livestock shows, judged contests, and attended agricultural-oriented workshops. They also had monthly meetings to top off all the other activities. The members enjoyed a visit from their state FFA president, Elvin Caraway at one of the meetings.

The chapter's sweetheart, Marsha Prollock, attended the district FFA banquet and was named the district FFA sweetheart for 1977-1978. She also represented the district in the area sweetheart convention at Mesquite in May.

Several students, taking their animals, traveled to shows in Fort Worth and Houston to compete in livestock competition during the year.

Student Council

The student council and its officers, with the help of their new adviser, Miss Marilyn Wiles, sponsored many activities this year, both to help improve the school and to improve entertainment for students.

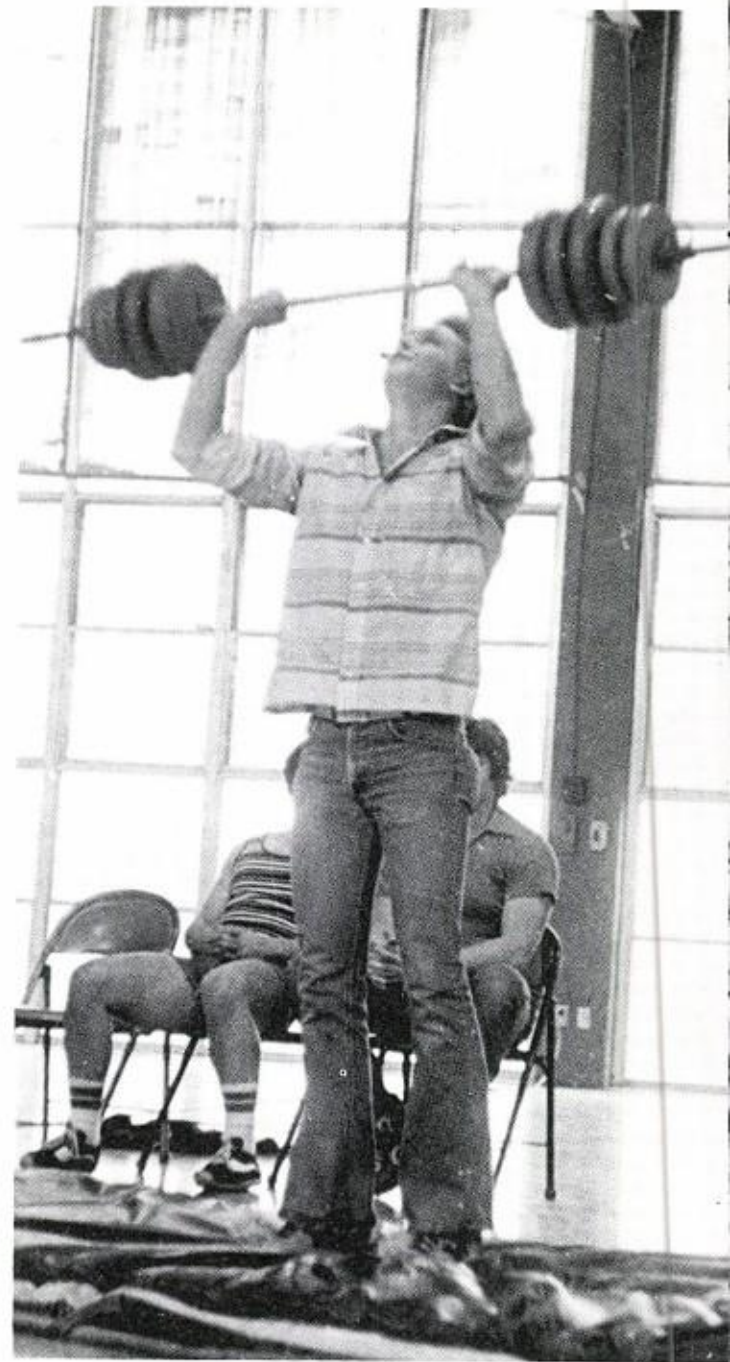

They began their big year by helping to organize homecoming activities. They helped with the voting for Homecoming Queen, the spirit chain, victory dance, and sponsored the class banners contest in which points for Sadie Hawkins were given.

The Council sponsored several activities to help keep the campus clean. They painted the trash cans to help brighten up the campus and they held a clean-up week.

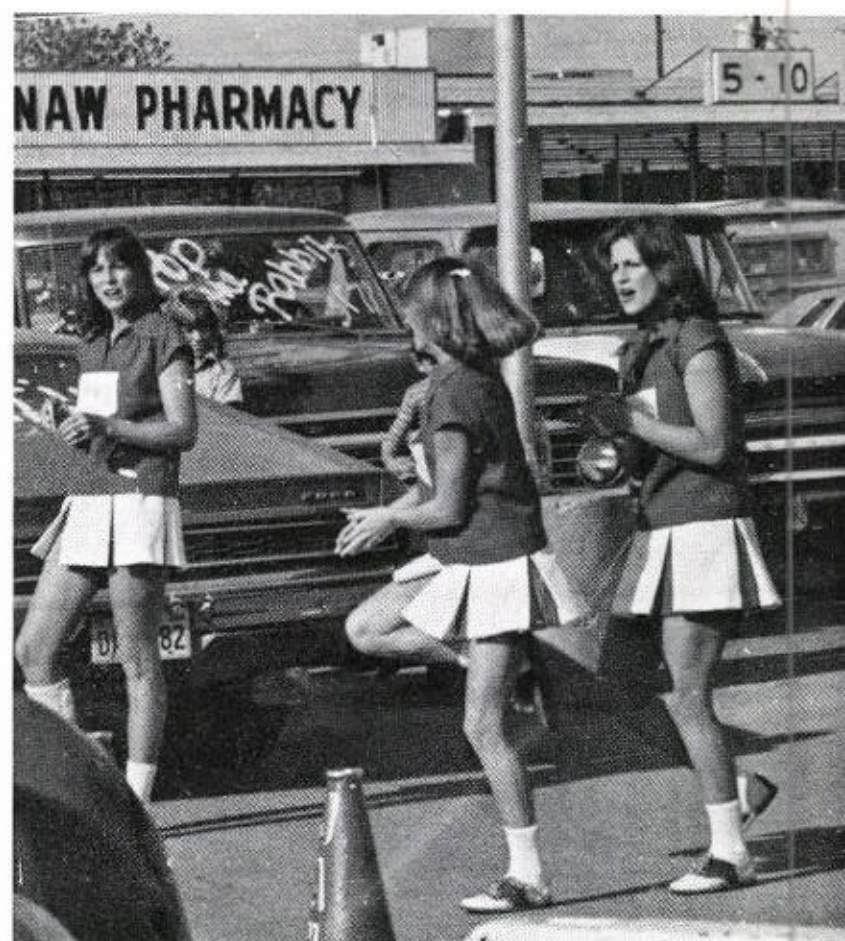

In the annual student council-teacher's volleyball games the male faculty maintained their winning record, but the women lost to the council team. The volleyball game and the can drive were held to raise money and food for needy families at Thanksgiving.

The council also sponsored many activities to promote Christmas Spirit. One of these was a door decoration contest and they also held a Christmas assembly with members of different clubs performing skits.

Another project of the group was the first Mr. Muscle contest held at Boswell. Eight guys from various classes were nominated by the students for the competition. They were presented to the student body and were put through various "tests" while being judged by female staff and student council members. The council also welcomed the Over 50's Club during their annual visit in March, along with sponsoring the 50's Day activities and Sock Hop.

Art Club

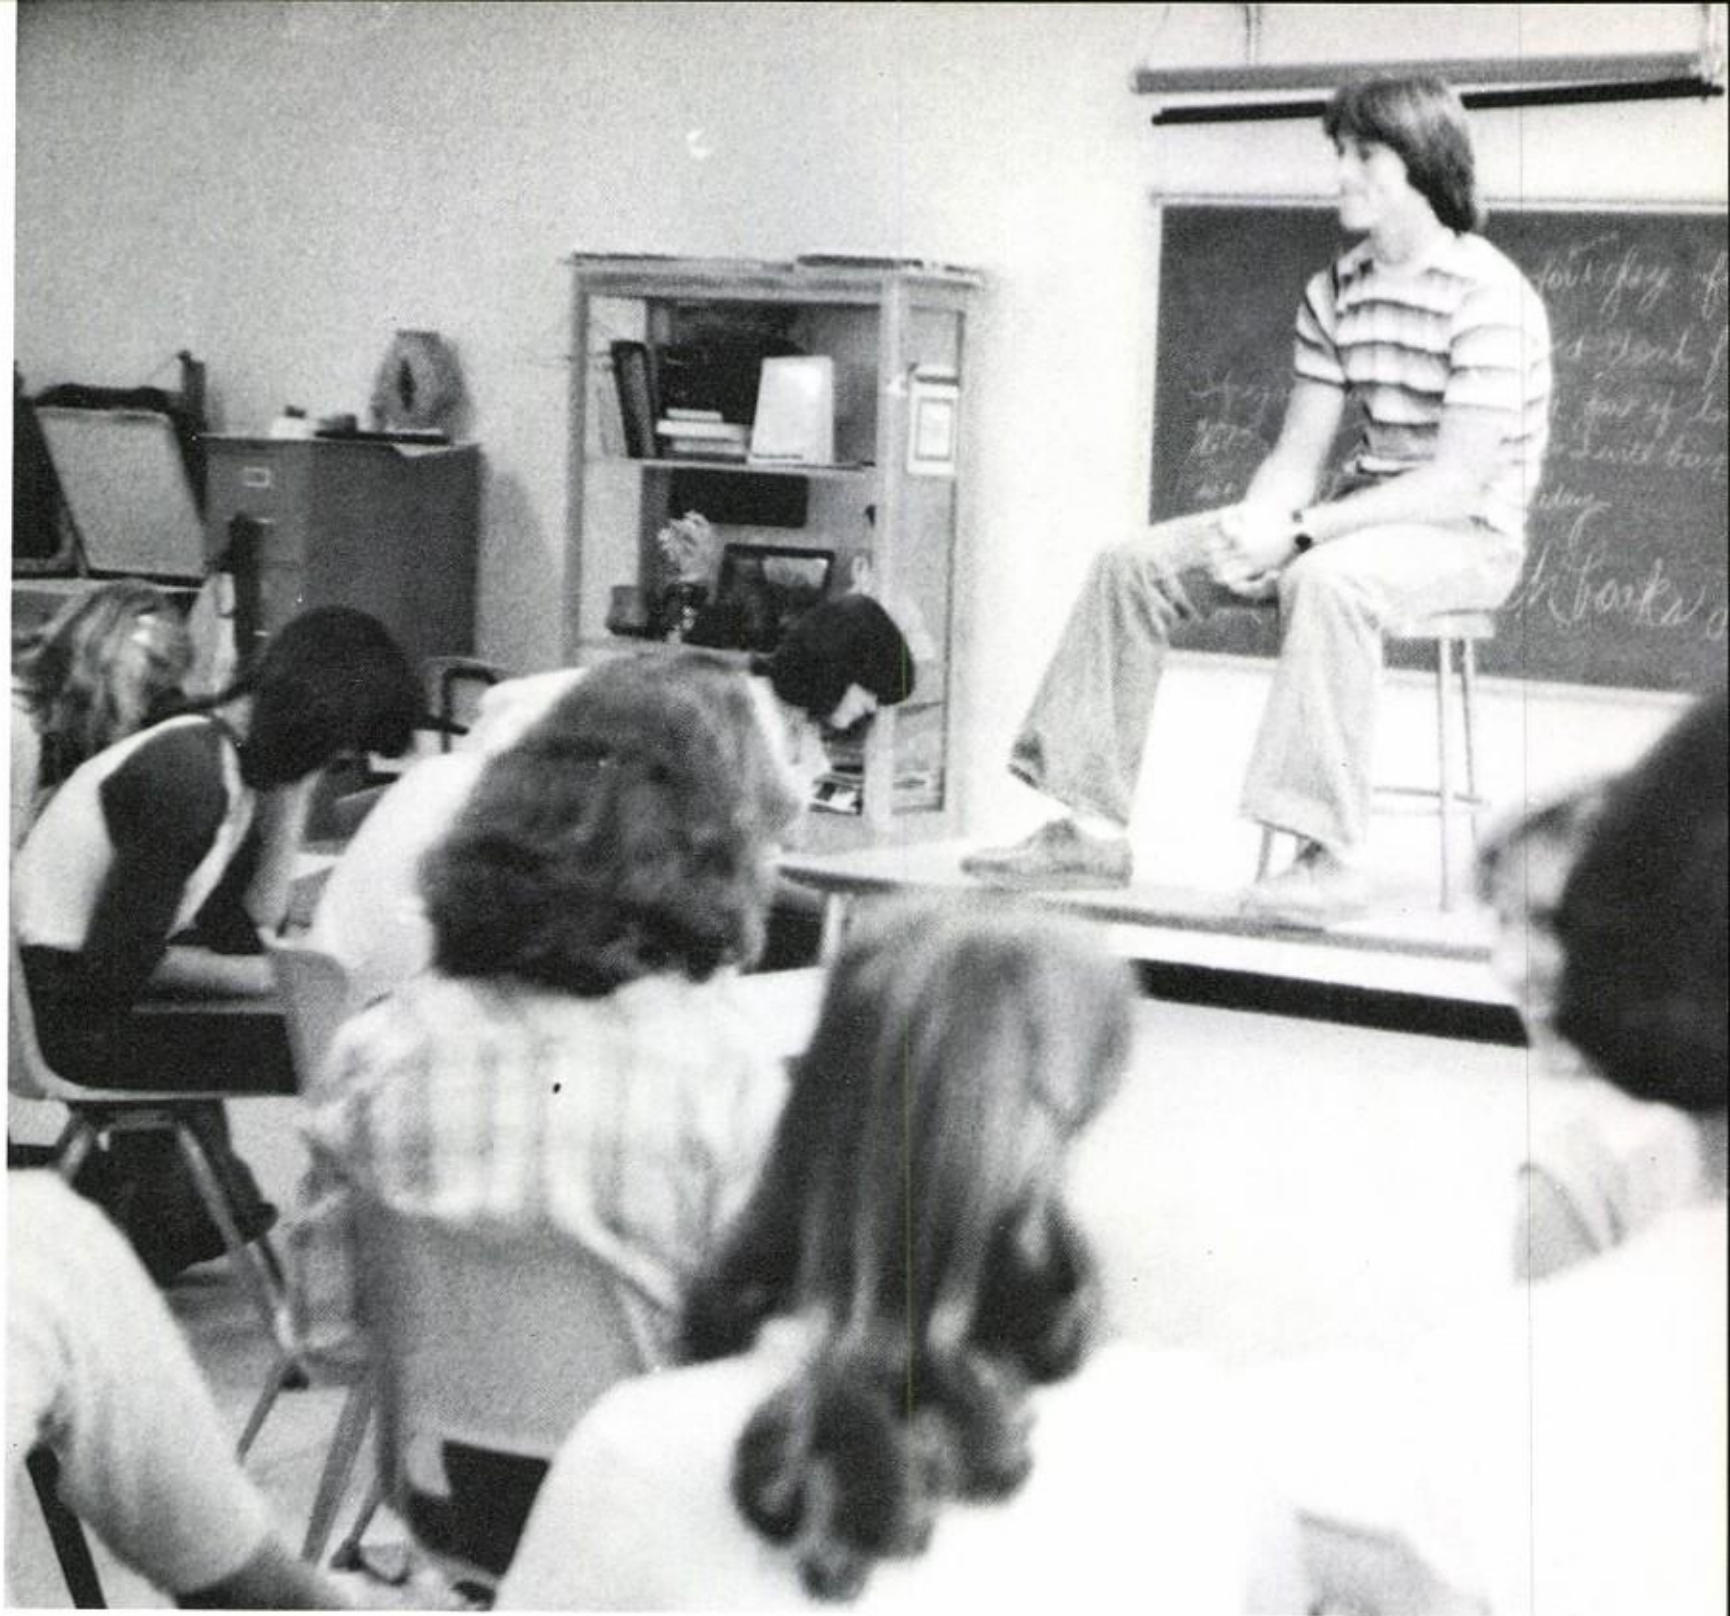

Highlights of the year for members of the Art Club was the building of the Homecoming float in November and the Show-off in May.

The group began plans early in the fall for the float, which resembled a colorful carousel. The float was used to transport the Homecoming Queen nominees down the track before the Homecoming crowd.

In the spring, art students began preparations to exhibit their year's work at the Show-off. Work in water colors, pin and ink, ceramics, and pointillism were displayed.

Helping their sponsor, Mrs. JoAnn Easley, the students also contributed to the Prom by assisting with the backdrop and wall decorations to go along with the Bourbon Street theme.

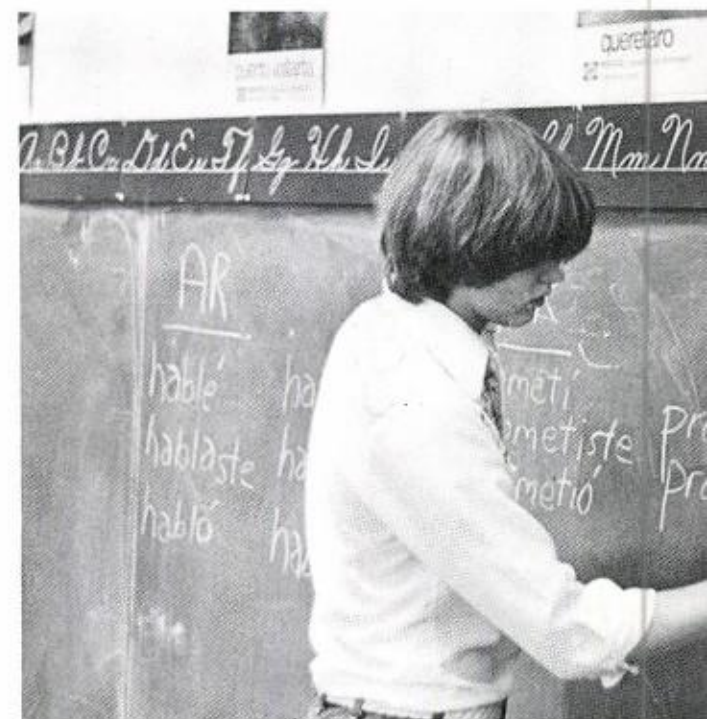

Spanish Club

A busy year for the Spanish Club was highlighted by members attending the Pan American Student Forum Convention at San Antonio in March. However, much time, preparation, and planning took place during the year to enable approximately twenty members to make the trip.

Throughout the year many fund-raising projects were held such as: a car wash, bake sales, and selling various candy which helped each member pay for the convention. Along with raising money for scholarships, and other activities, Spanish Club members found time to have fun by participating in traditional Christmas caroling at nursing homes, and delivering carnations to students in their third period classes on Valentines Day. As the year came to an end, the annual election and installation of officers was held, and "todos de los miembros del club de espanol" went to a fiesta at Burger's Lake.

French

This year the French Club continued with their monthly meetings at member's houses. One of these meetings included the annual dinner at a local French restaurant.

Members participated at the Language Fair held at Country Day school. To promote it they designed bumpers stickers and posters. A puppet show was entered into the Language Fair. It was the French version of "Little Red Riding Hood".

To raise money for the club, students tried something different. They chose to sell calendars instead of the usual candy.

More students were enrolled in French this year so the French Club was slightly larger than last year. This proved to be an advantage for participation in projects and events.

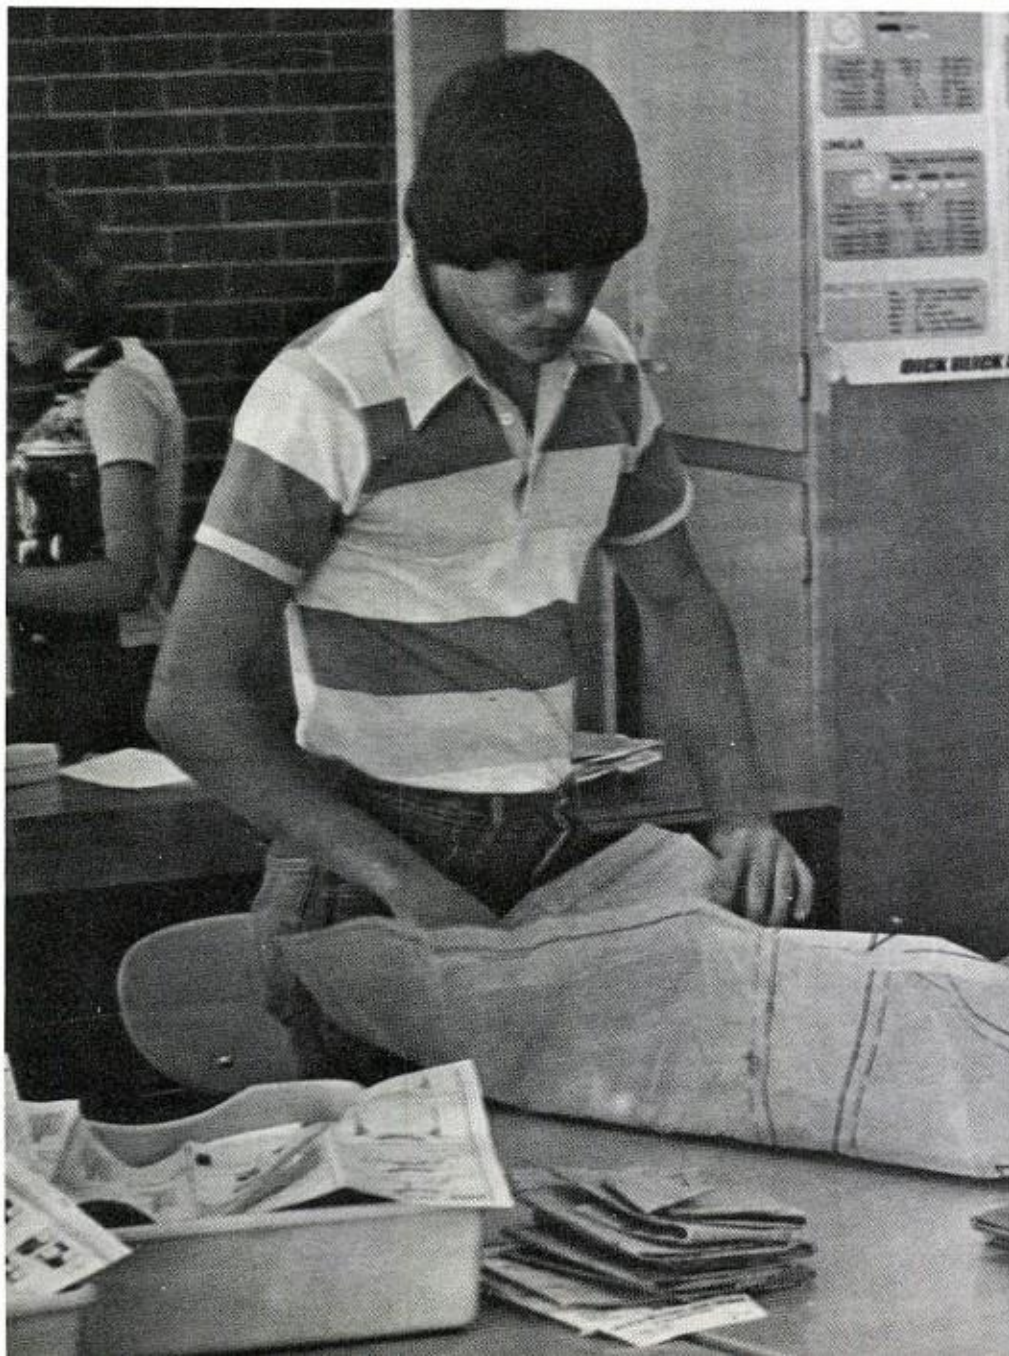

F.H.A.

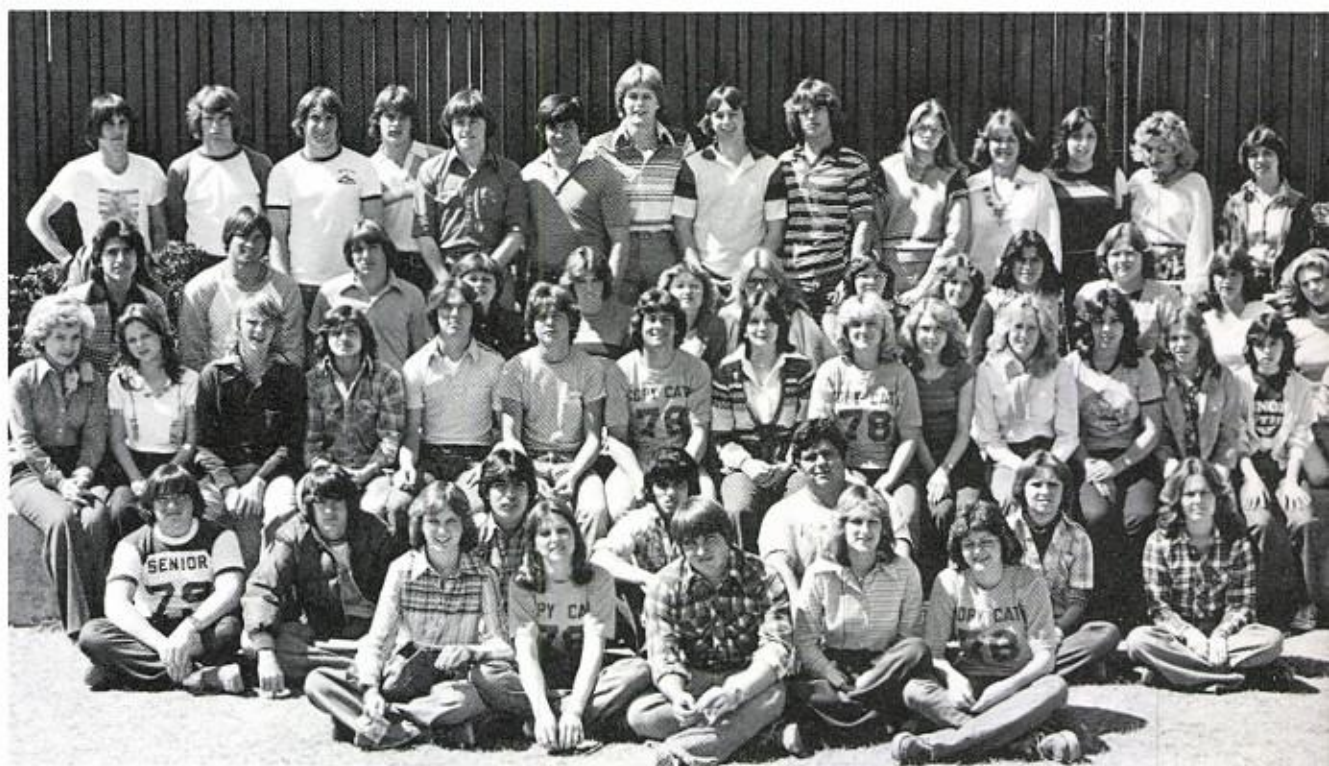

Members of the two FHA chapters began activities early by making preparations for the annual parent-member banquet held at the first of the year. Along with the dinners and orientations, FHA members cheered up many children's hearts at Christmas when they went to a local day care center and played "Santa Claus" for the kids.

It seems that the fun was never over. As Valentine's Day rolled around, they went to Western Hills Nursing Home and danced their way into many forgotten people's hearts with a dance having a theme of the "Roaring 20's".

As the year appeared to have slipped behind them and time almost had run out, FHAers began their plans for next year.

Another banquet was held at Colonial Cafeteria for the installation of new officers and with the business all finished they began looking ahead at their new goals and future accomplishments.

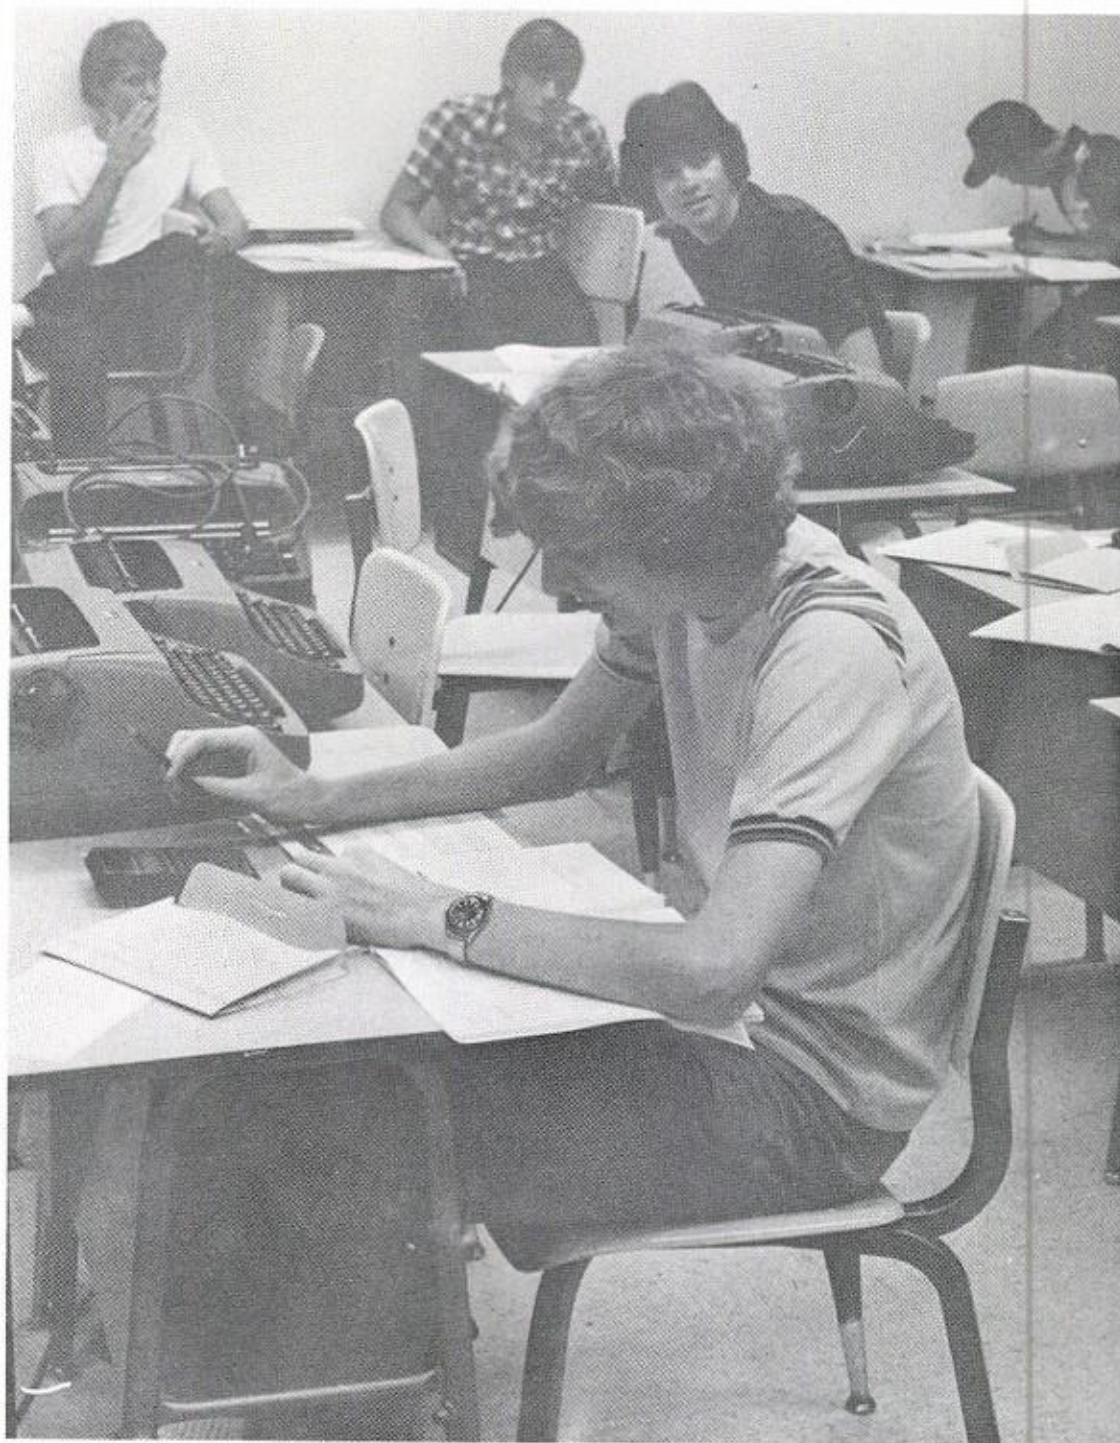

Math Club

Members of the Math Club were busy most of this year collecting money for the club's newly acquired computer. Students collected money through an "Egg Beg" and collected old newspaper.

Club members went on a trip to Houston and visited NASA and the University of Houston's computer materials department. The club also went on a field trip to see the Laser Magic Show.

Jim Bob Atchison, a member of the math team, qualified for regional in Slide Rule competition. After placing second at Denton, he traveled to state where he finished third.

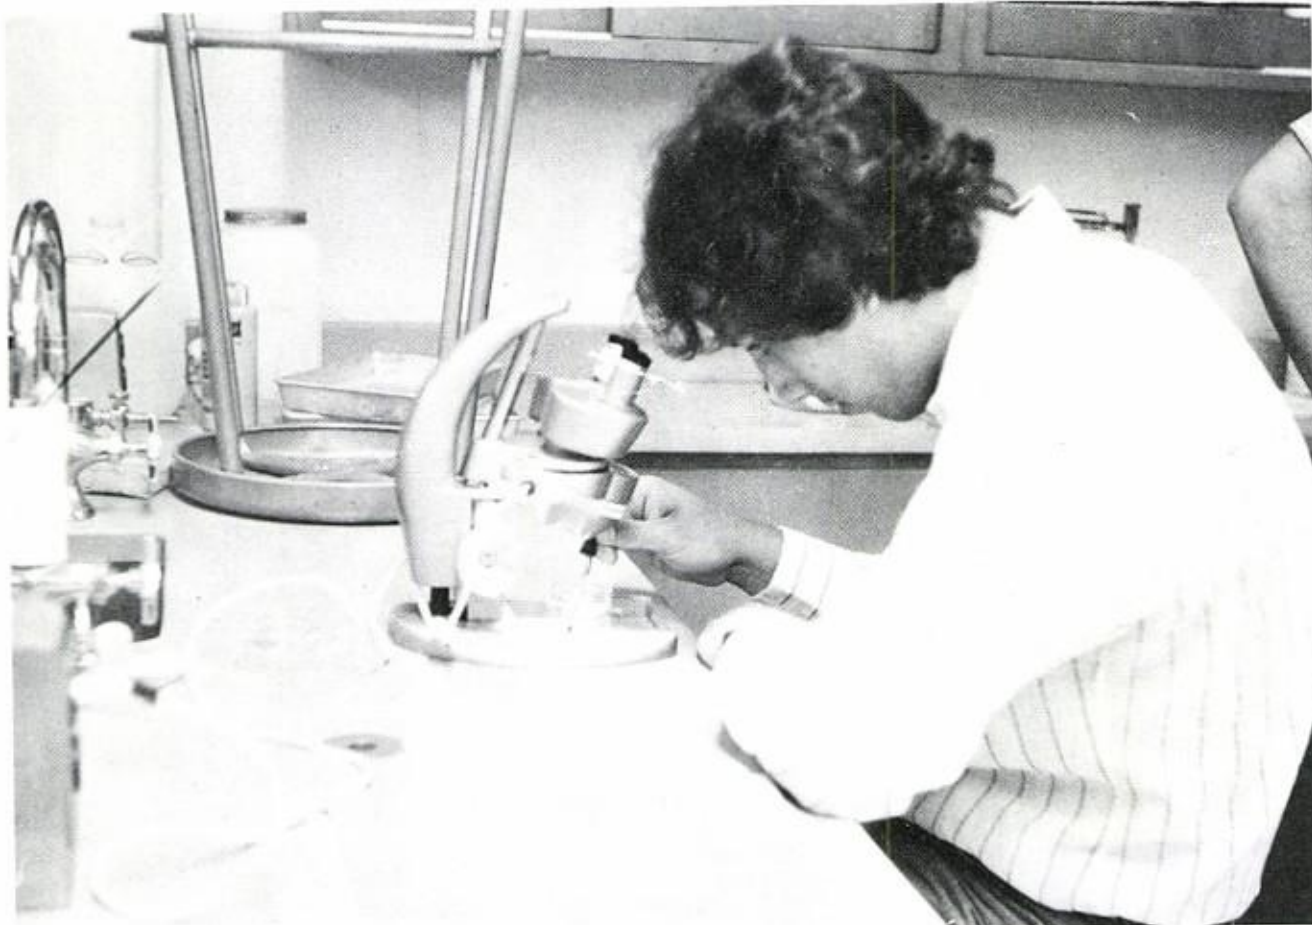

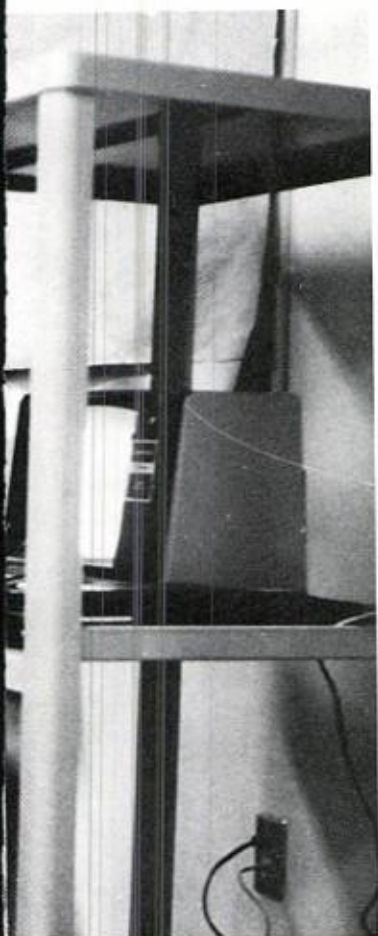

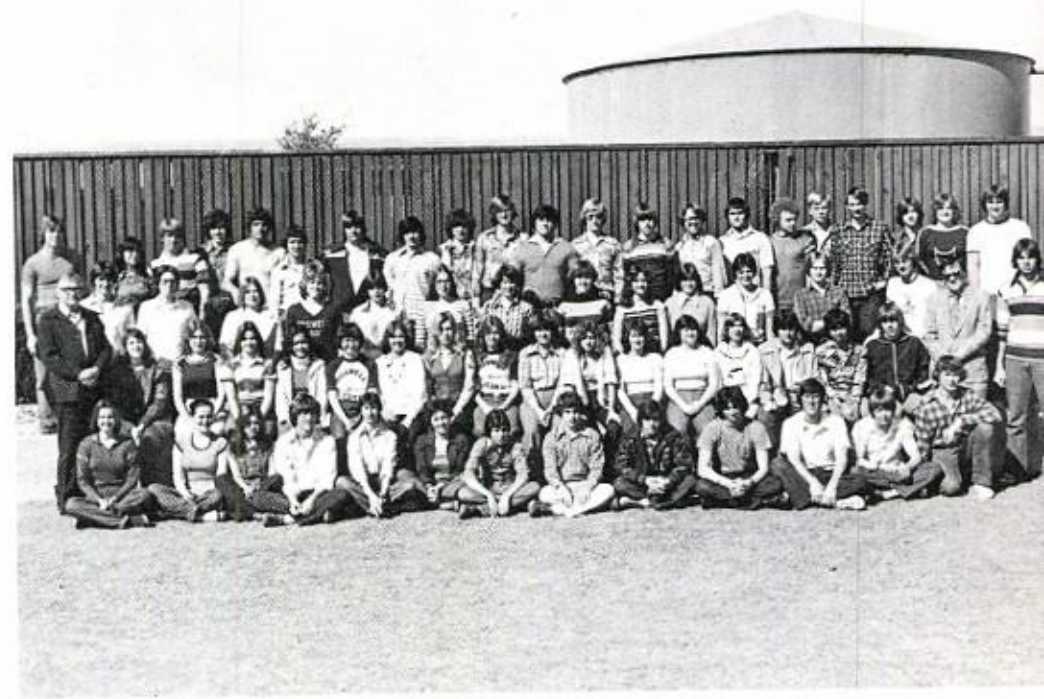

Jets

The largest membership in the thirteen year history of the Boswell Jets Club had a big year in 77-78. They went on field trips to Texas Electric, the General Motors Assembly plant, and St. Joseph's Hospital.

The Jets Science Fair went well as usual with Bob Allen winning the overall competition. Elected officers of the Jets club were: Mike Stokdyk, president; Karen Bell, vice-president; and David Beezley, treasurer and secretary. Karen Hampton won the Boswell Jets club scholarship and the first annual Art Wilcock Memorial Scholarship went to Tom Hoover. The scholarship will be awarded each year to a deserving senior who is a science student.

In the spring, members of the Jets planted a tree near the Science Building in memory of Mr. Wilcock.

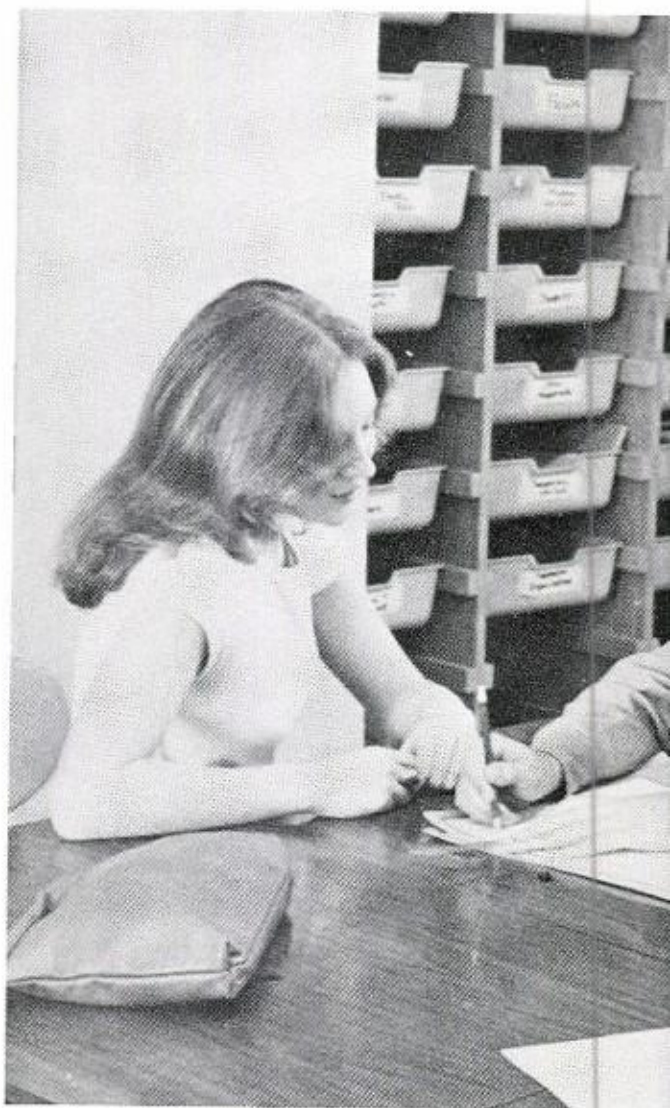

Members of the Pioneer Press staff worked together to bring a new look to the school publication which appeared for the first time every two weeks in an eight-page tabloid style.

The paper was also labeled and mailed out to each family having students enrolled in the district.

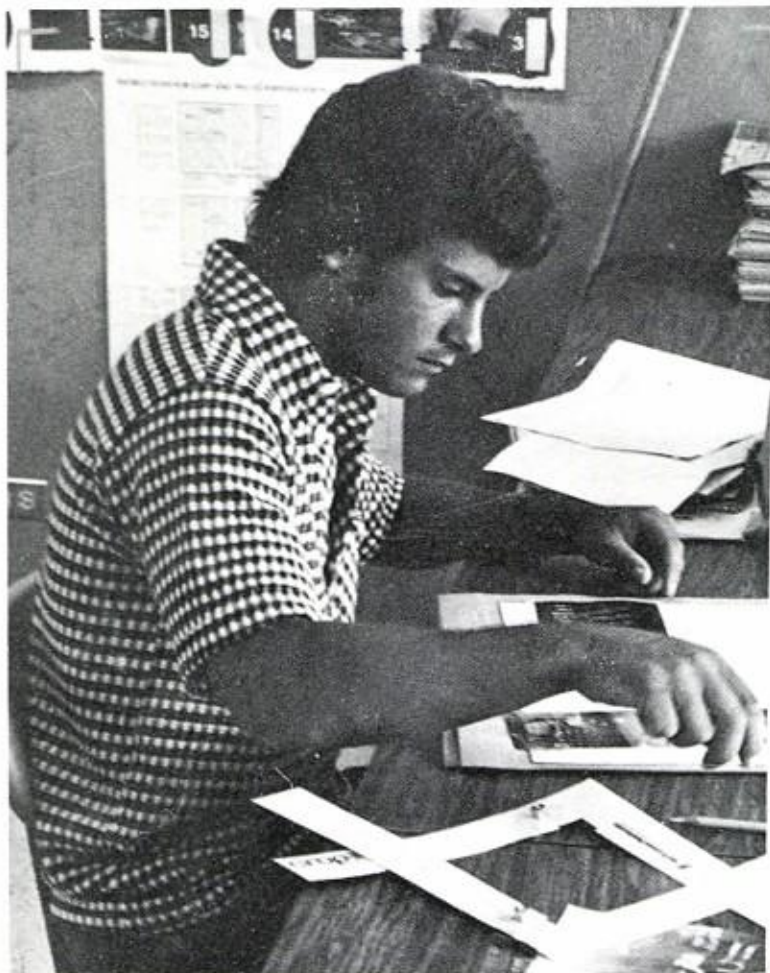

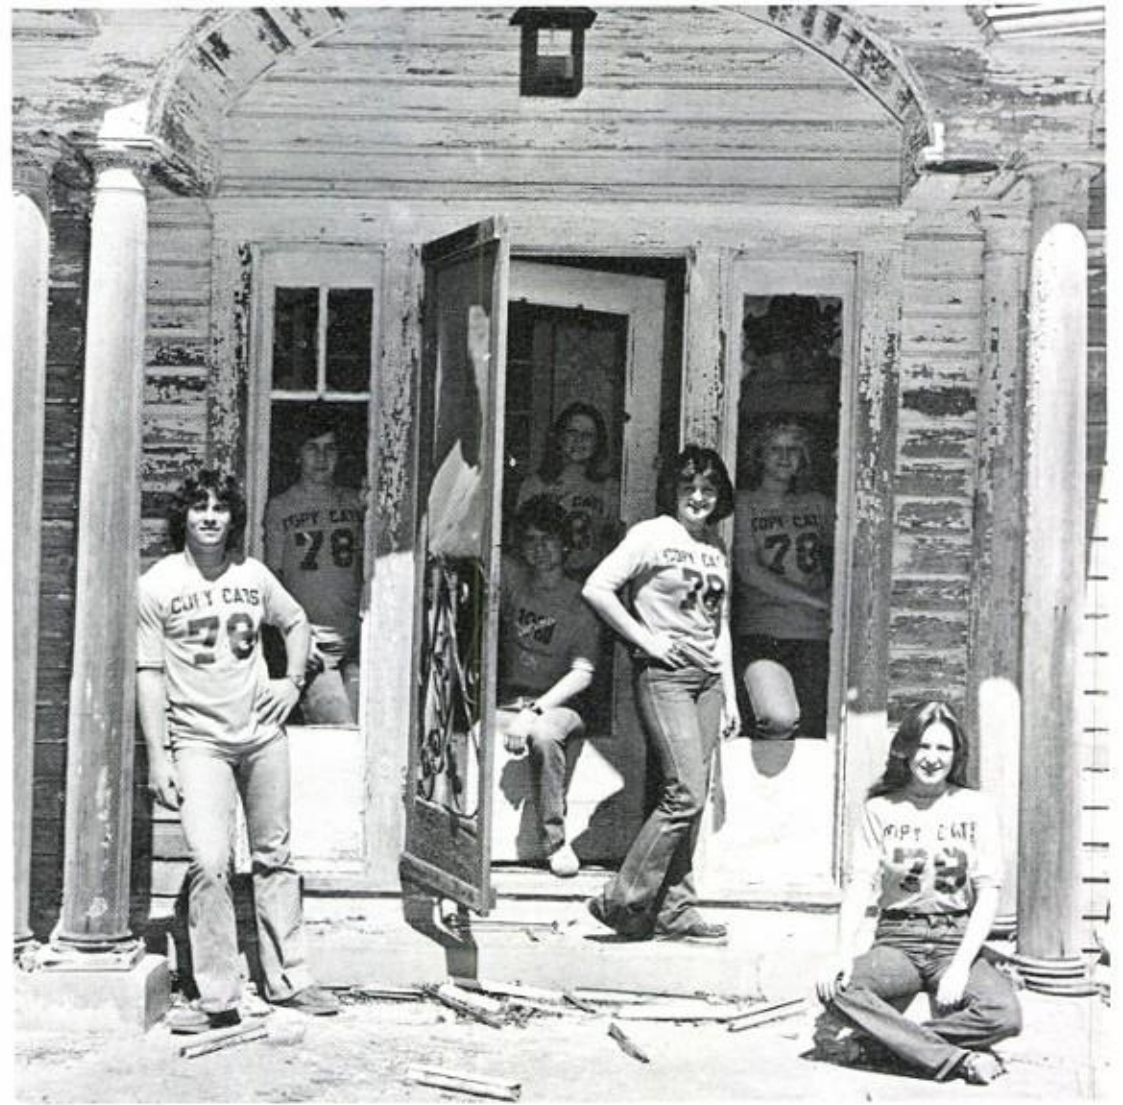

Editor Cheryl Anthony and staffer David Beezley competed in the regional journalism contests in Denton in news and editorial writing respectively with Cheryl winning third place.

The newspaper won an award of Distinguished Merit from the Interscholastic League Press Conference, which is the highest award given to a school publication by the ILPC.

Thespians

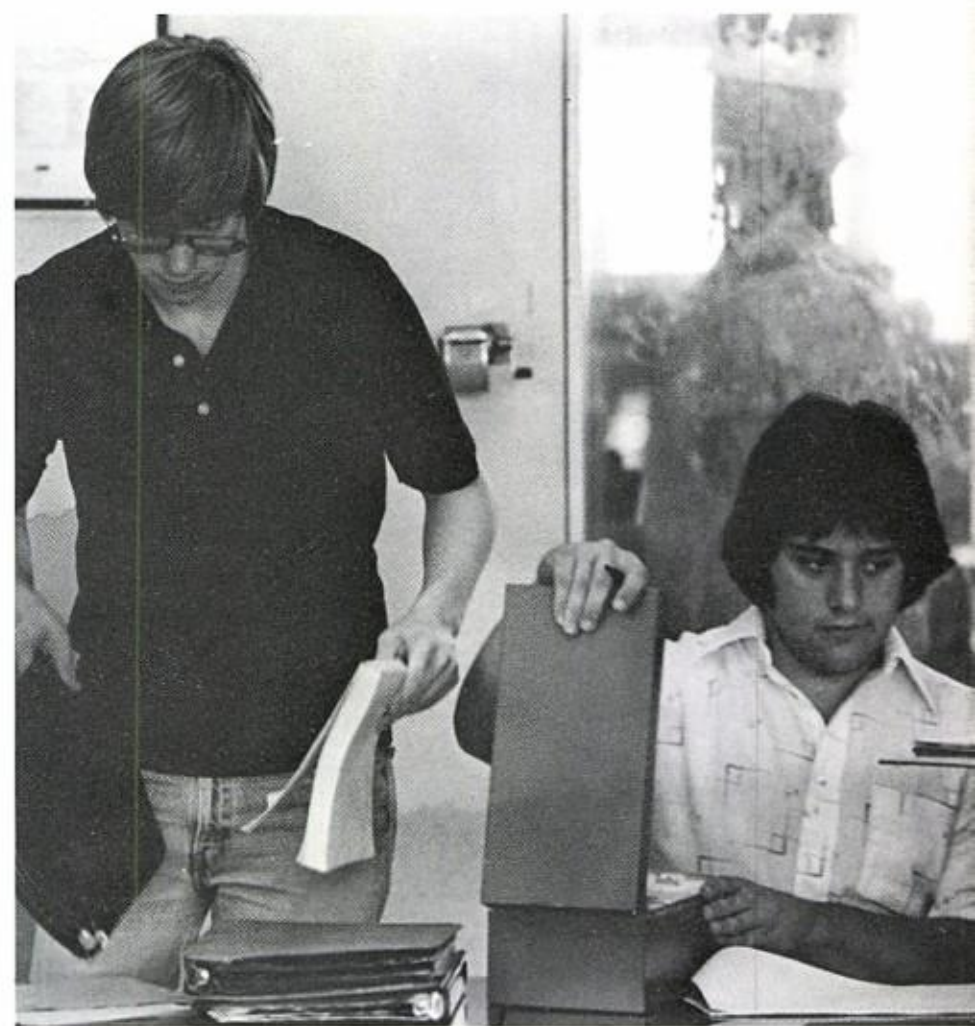

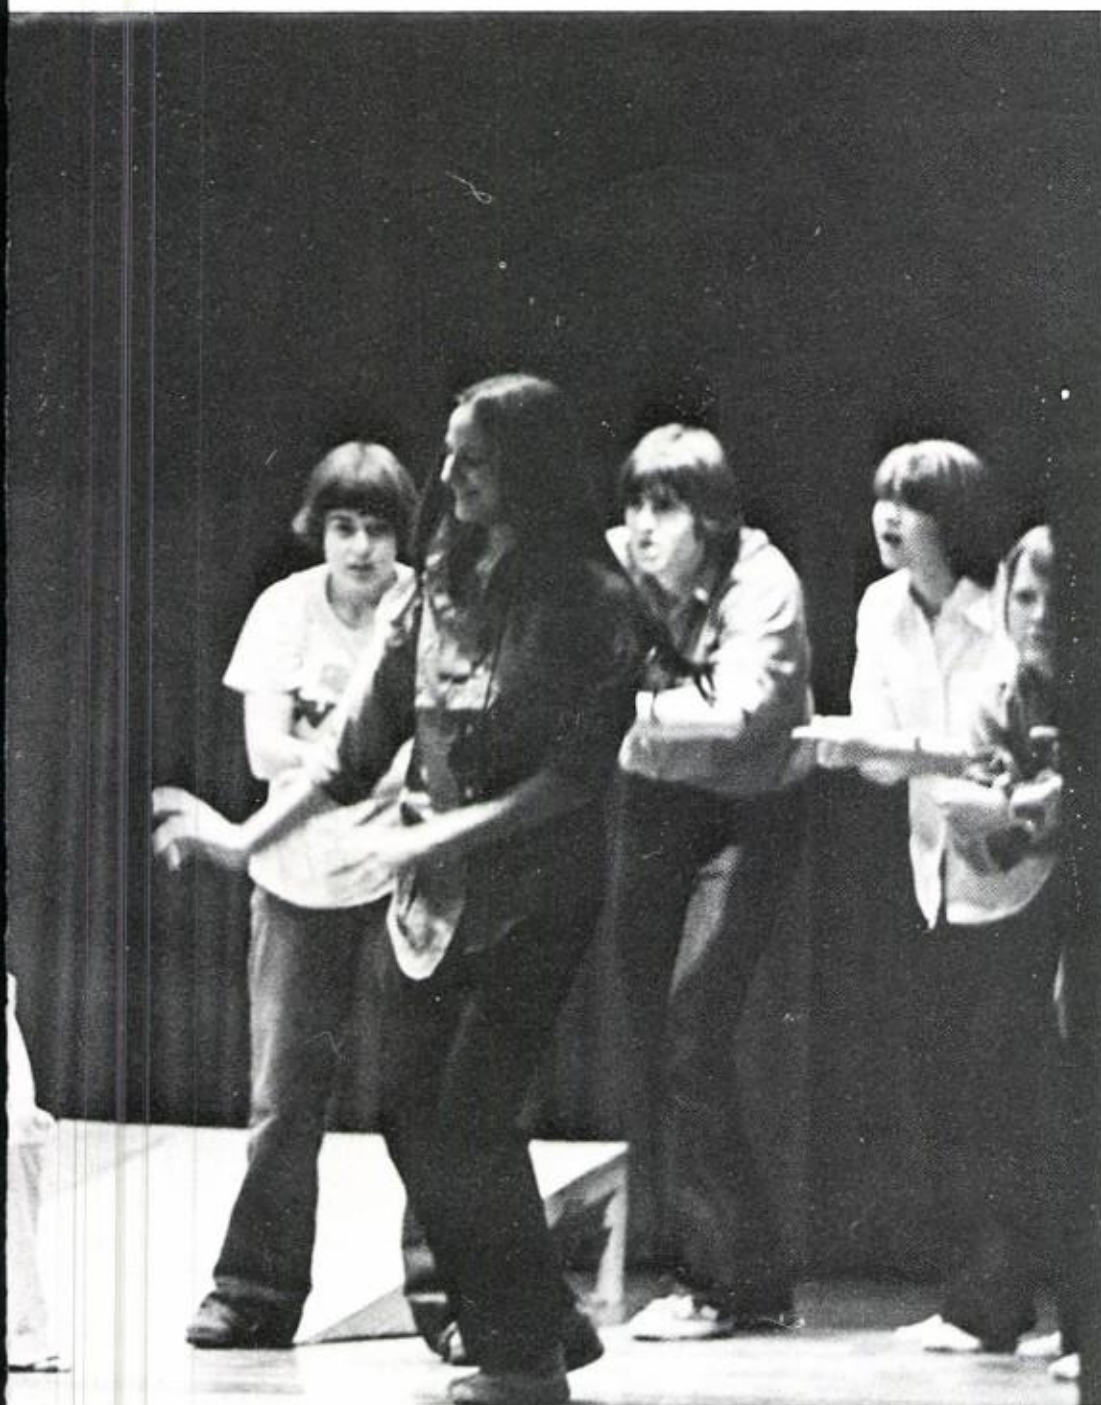

The drama department, which included Thespian members, began the year with the production of the fall musical, "The Wizard of Oz", in December. Rehearsals and bake sales were held in preparation for the successful presentation.

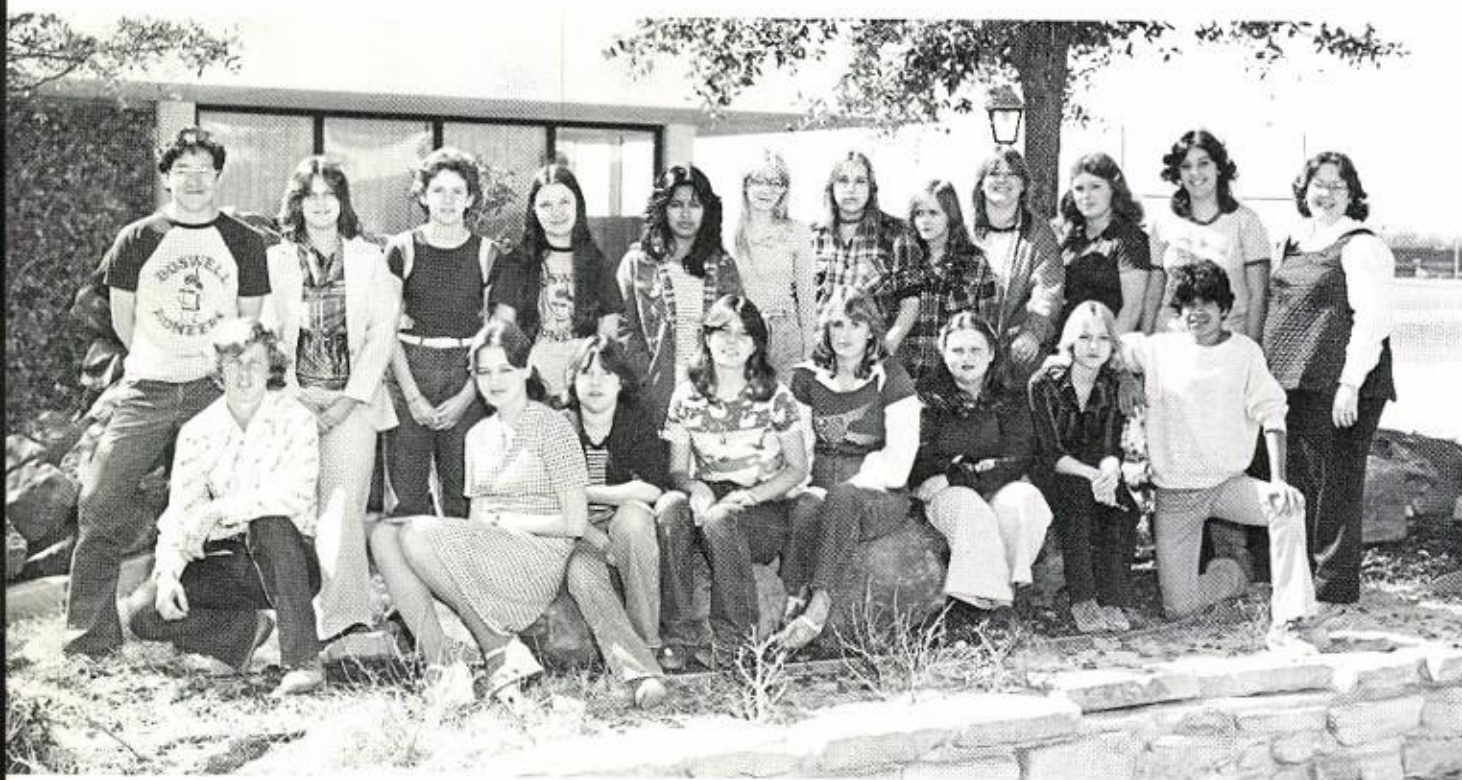

In the spring, the drama department chose "Asylum" as the one-act play for U.I.L. Zone competition in March. Taking first in zone for one-act play, cast members advanced to district in U.I.L. competition in April. Although not advancing in the competition, cast members won six acting awards. Runner-up to best actress went to Mary Parker; all-star cast was awarded to Karin Hampton and Cheryl Anthony. Honorable mentions were Besty Szlasa, Rachel McLain and Cara Luftman.

The Thespians held bake sales in the spring for the drama department's trip to Six Flags.

Debaters Kyle Waston and Steven Sanders continued their winning tradition by getting to semi-final and final rounds in the tournaments they entered, and defeated many 4A teams. After winning at the district and regionals contest, the two went on to their fourth straight trip to state, winning first place in the competition.

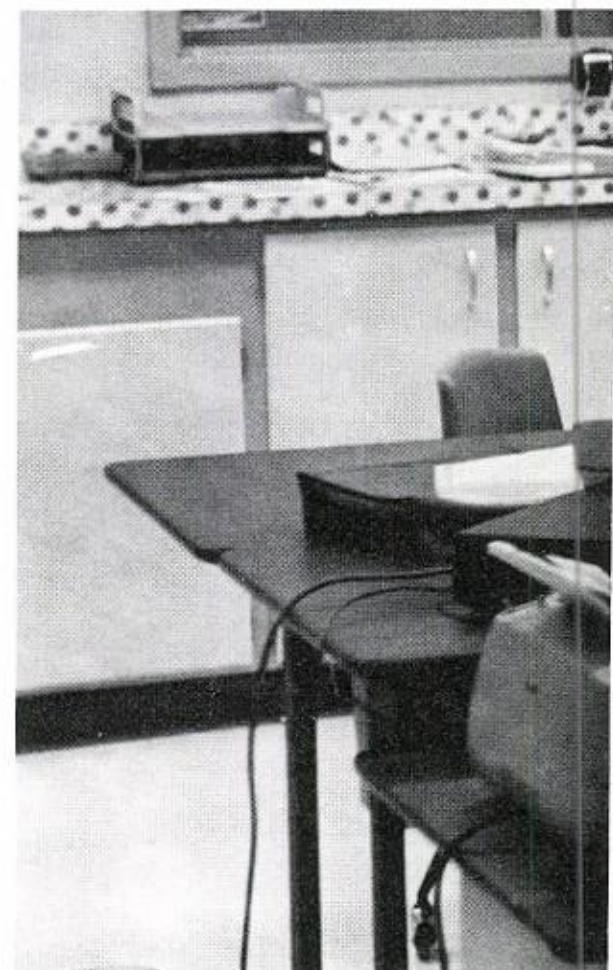

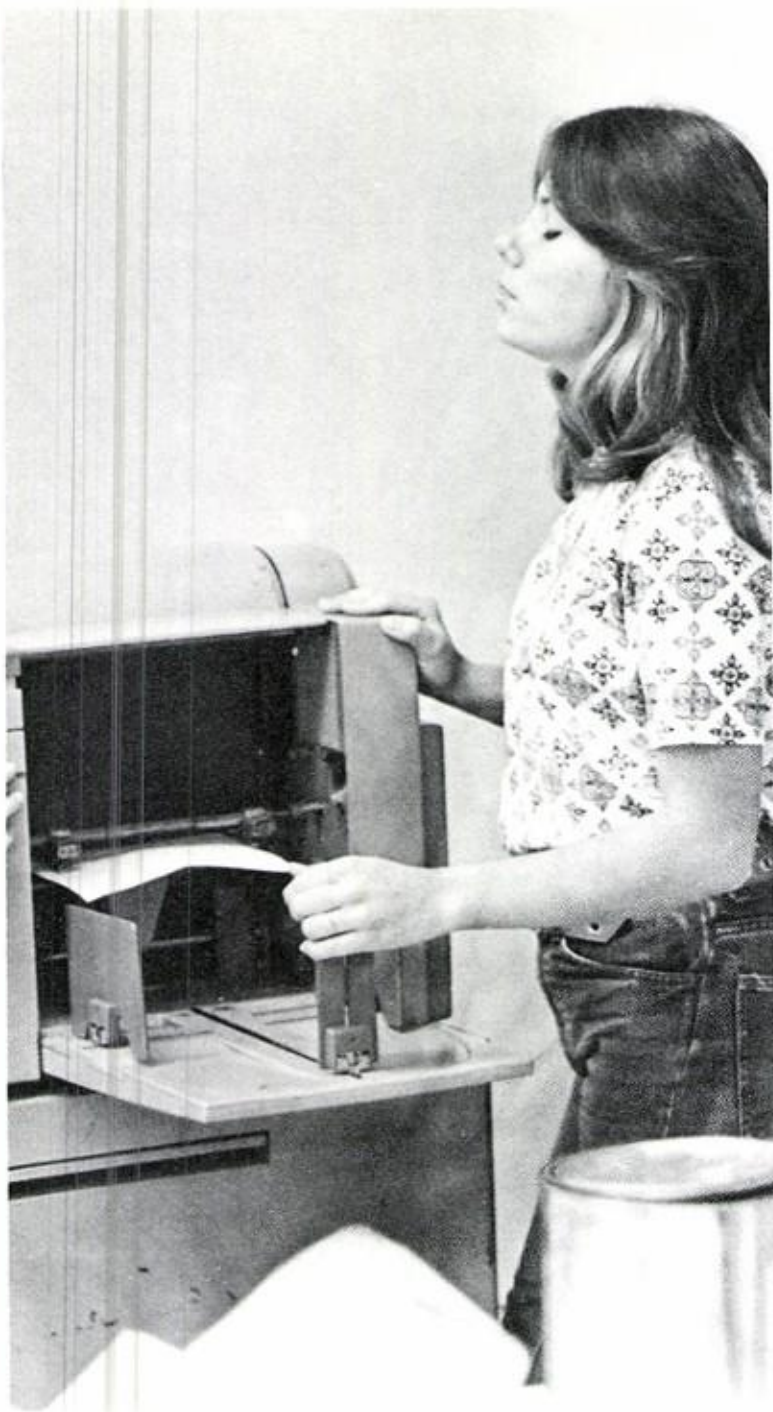

VOCCT

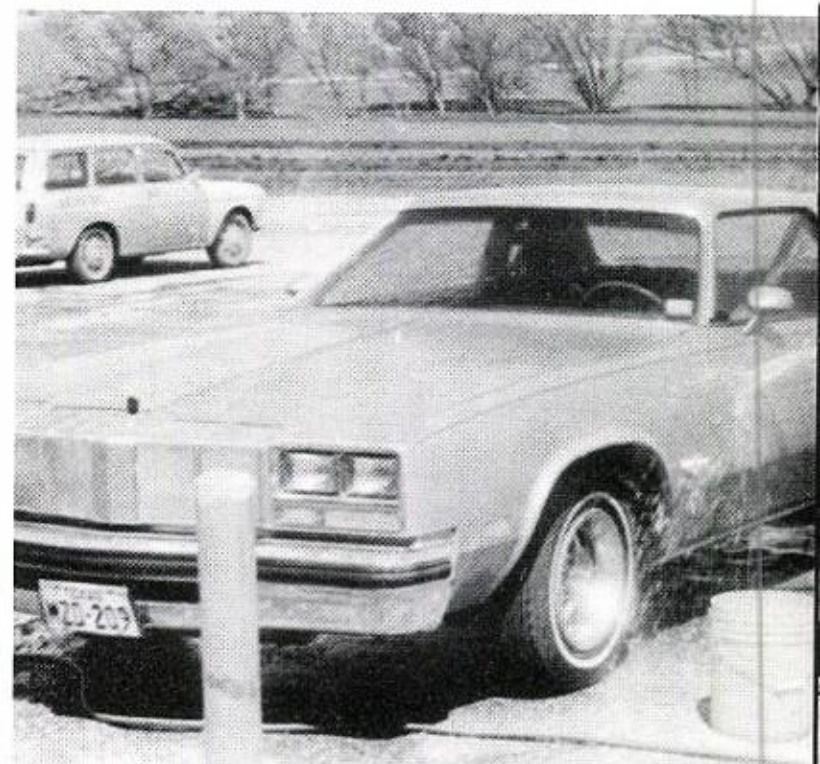

Hard work paid off for the office duplication classes as they won first place for the third year in a row at the State VOCCT Contests at Corpus Christi in April. They also won a second place trophy at the meet. During Christmas the club had their own Mr. and Mrs. Santa Claus, and before the year was out, they had a fish fry at Mrs. Billie Thompson's, their club sponsor.

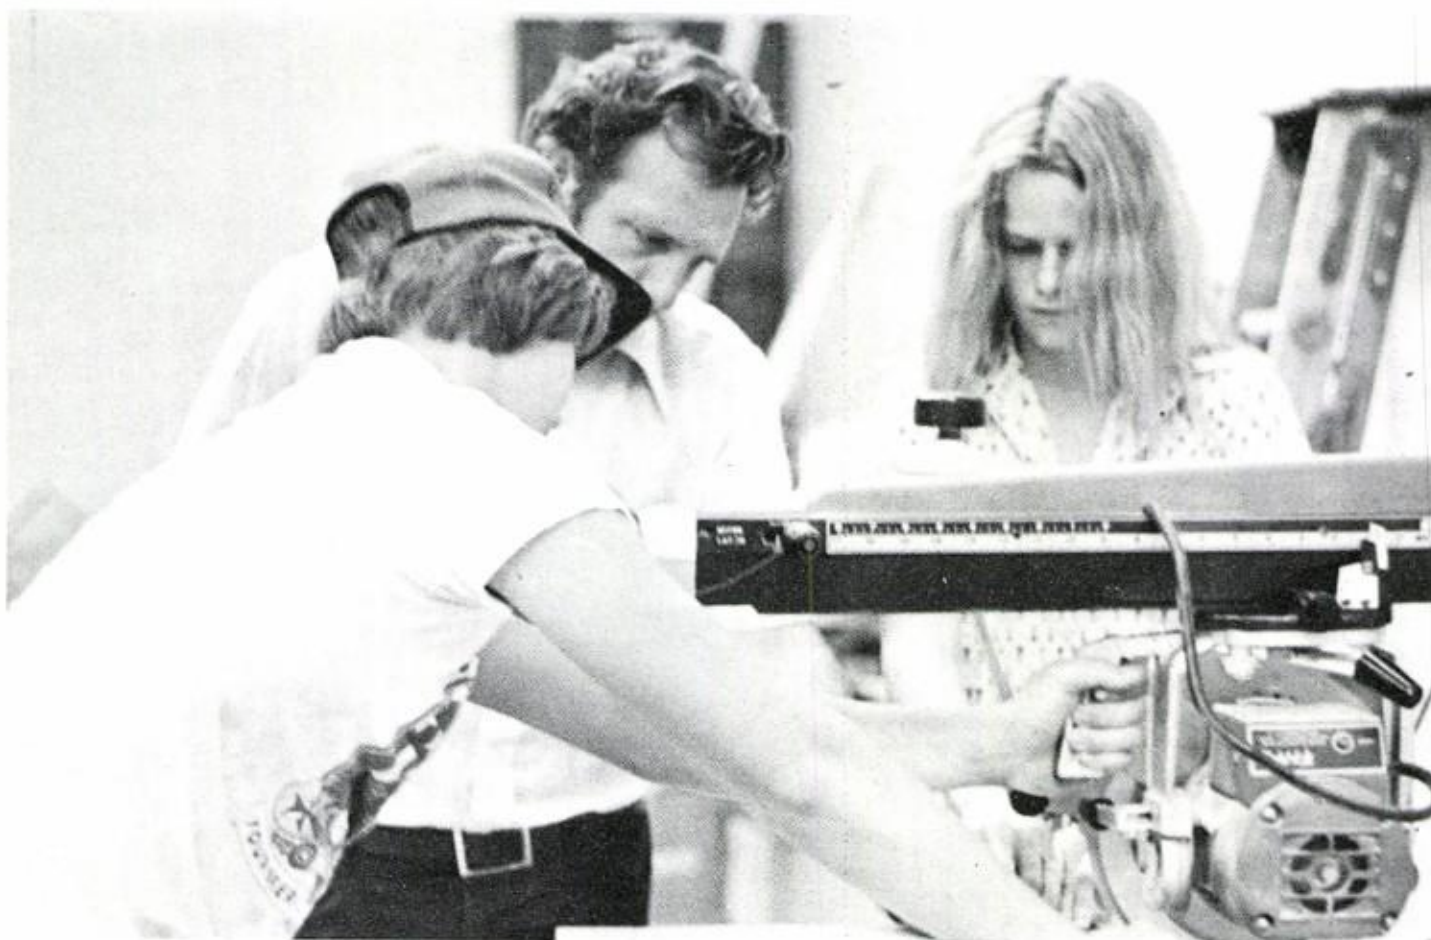

OEA

Office Education Association members were busy with competing in contests and learning the fundamentals in secretarial duties and responsibilities. Aside from the everyday classroom activities, the students found time to get together for an occasional dinner at a local restaurant, or just "clown around" at the Barnum and Baily Circus. One of the major projects that the members participated in was "Secret Pals" where each member was assigned a teacher and for eight months they gave them momentos and gifts for special occasions. At the end of the year a revelation coffee was held for the teachers to meet and get acquainted with their "Secret Pals".

Trailblazers

The Trailblazers were very active around football season, helping with the cleaning of the gym after pep rallies, the selling of programs, and the parking of cars in the east and west parking lots. With the help of their sponsors, Mr. Deryl Fox and Mr. Joe Bryan, they got the jobs done.

At Homecoming the Trailblazers led players and fans in a torch light parade around the campus for the burning of the BHS.

At the end of the year the Trailblazers went on a camping and fishing trip to celebrate the year's work.

Pep Squad

This year's Pep Squad was extra busy with preparing and performing a different routine at every home football game. They purchased blue and gold balloons which they sold during the Homecoming game and the post-season play-offs. The girls supported the Pioneer team as they rode the buses and backed them up from Denton to Mesquite and then to Farrington Field for the semi-finals game. During regular season, pep squad sold candy bars to raise money. Officers were: president, Lisa Dyer; vice president, Teresa Allen; secretary, Linda Moreland; treasurer, Jamie Tidwell and historian, Donna Reynolds.

HERO

Students in child development spent three days a week, every Monday, Tuesday, and Wednesday in classrooms in district schools learning to teach, and observing behavior of early childhood, kindergarten and first grade students. Students also worked at Hansel and Gretel, Lang's, and Kinder Kare Day Care Centers.

The club sponsored a Halloween party and a Christmas party for two local day care centers from money they made from selling shorts and from donations to the toy drive. Members took a tour of the Edna Gladney Home and afterwards took candy to Cook's Children Hospital for Easter. The club also sponsored the Hike-Bike to help retarded citizens of the area and raised over \$2,700 for the cause.

Members met for dinner at various houses during the year and even had a scavenger hunt at Miss Beverly Hall's, club sponsor.

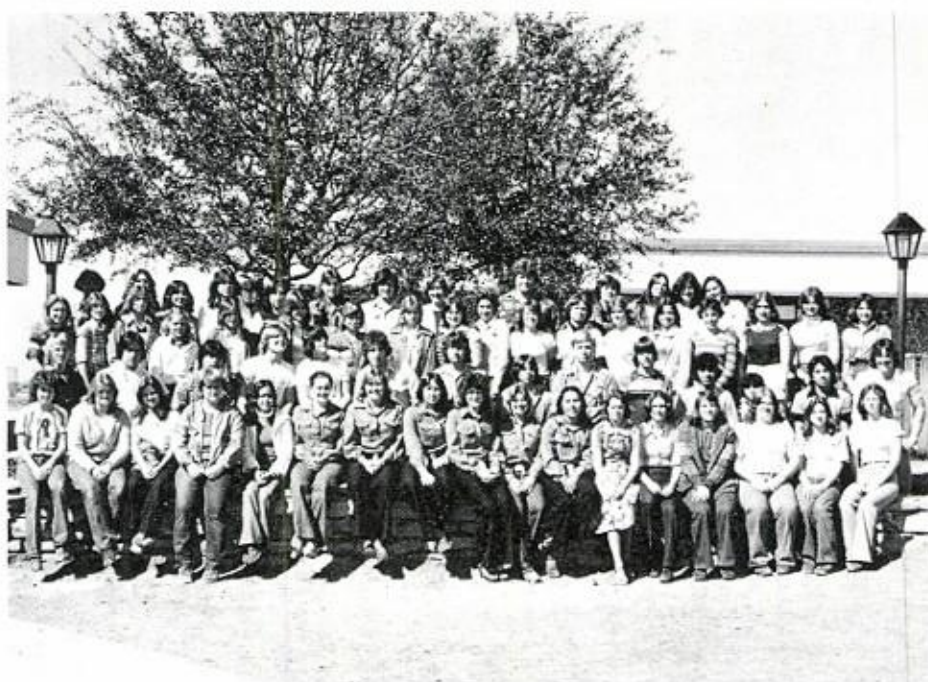

FTA

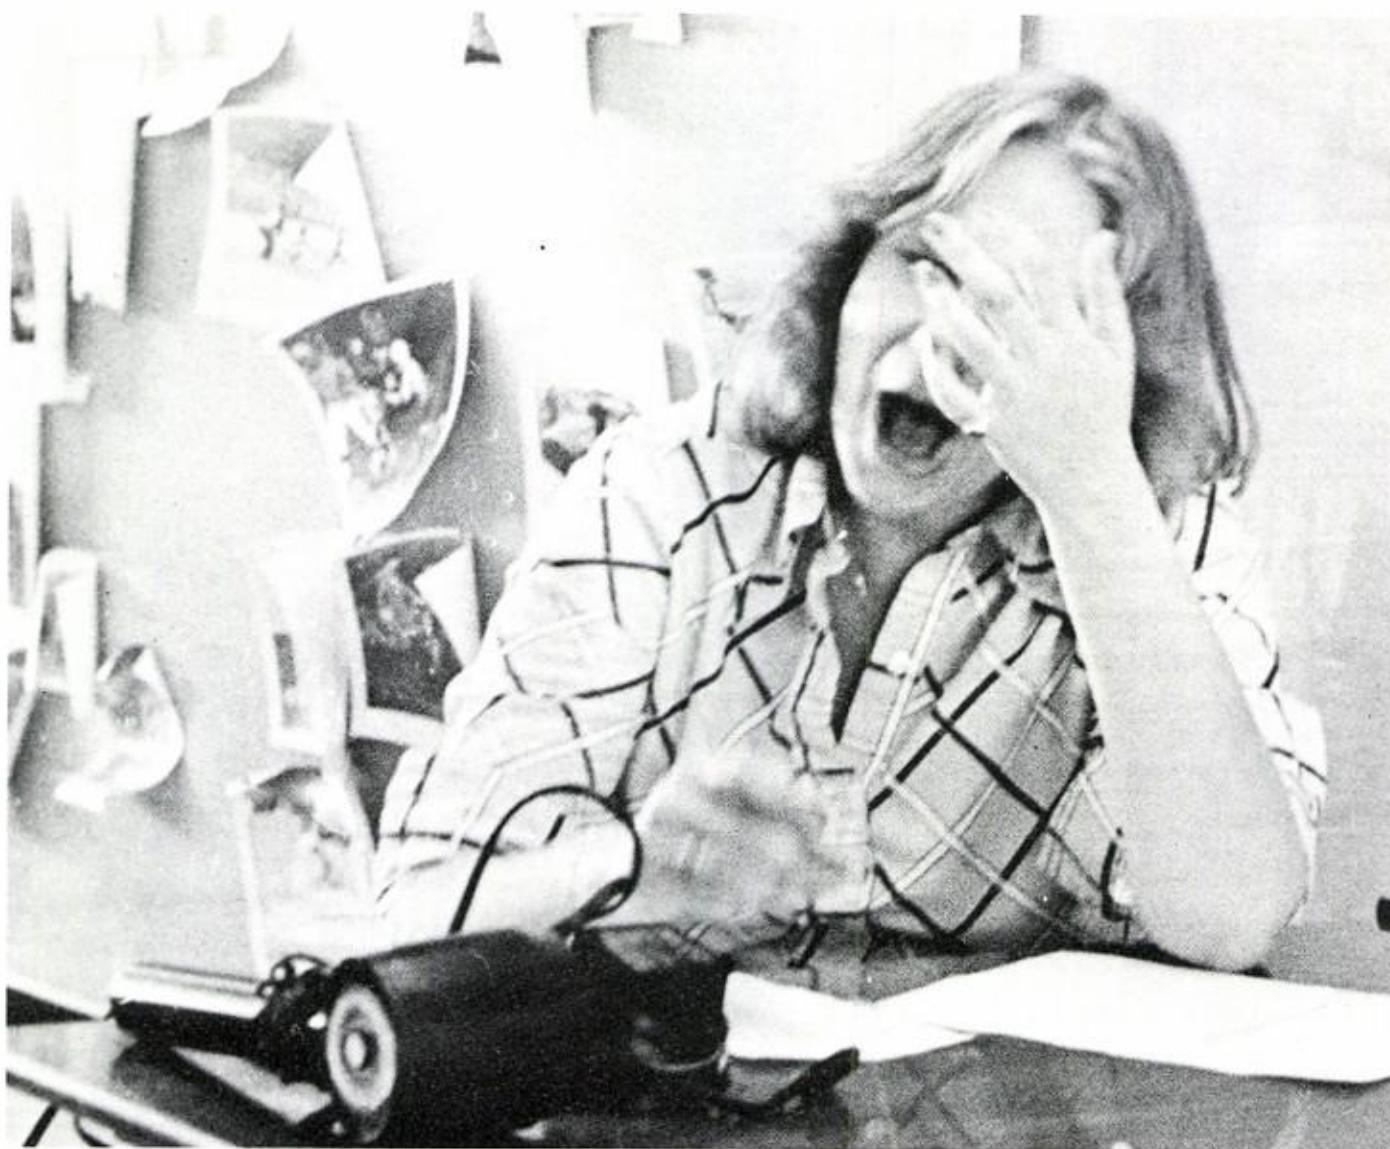

The Future Teachers of America were quite busy this year. Cathy Lewis took the place of parliamentarian after the resignation of Kim Blakeman. On October 31, members took candy to Cook's Children Hospital. The club sold candy lollipops, on Valentine's Day sold love grams, then on St. Patrick's Day they collected money for Shamrock's for Muscular Dystrophy. Teaching Days were April 12 and 13 in which many members participated.

Mia Frost ran for District Miss FTA and received third place.

Officers were Kim Reed, president; Chris Blakeman, vice-president; Nancy Groce, secretary; Donna Reynolds, treasurer; and Cathy Lewis, parliamentarian.

Board Has Busy Year

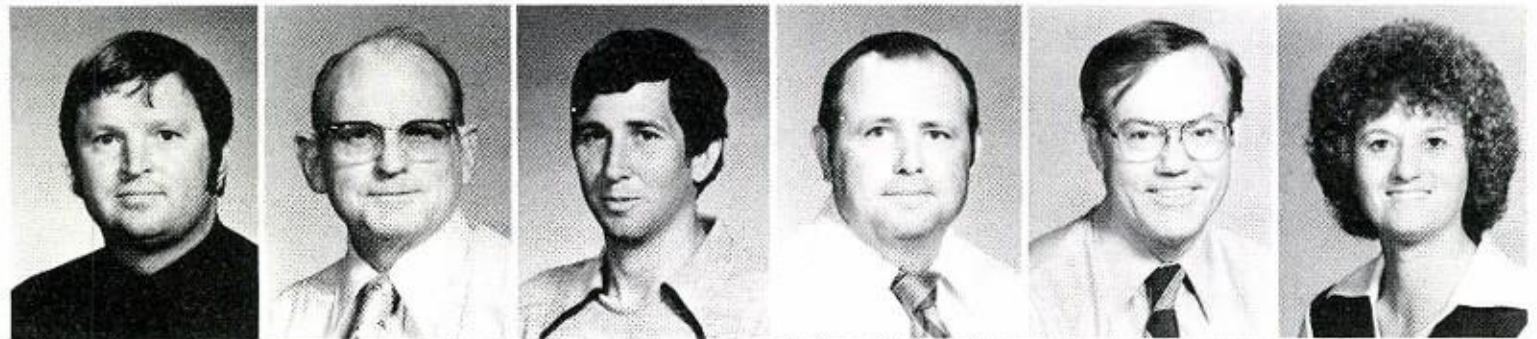

Eagle Mountain-Saginaw school board members spent their year busily planning for a \$15 million bond issue which was approved by voters last fall. The approved funds will be used for construction in the district's Facilities Improvement Program, which board members, with the help of community residents, students, and administration, after an in-depth study of needs, recommended to voters.

Plans include a new gymnasium, theatre and band hall at Boswell, new classrooms at Saginaw Elementary, and other improvements allowing for growth at Wayside, Eagle Mountain and Gililand Elementaries. Mr. Warren Keith was elected to Place 6 on the Board of Education replacing Mr. H.C. Elliott, who chose not to seek re-election after serving 15 years on the board. Mr. Eston E. Thornton was re-elected to Place 7 for his second term in the April election.

Most of the spring was spent with the board reviewing building plans and contract letting for the construction of the new buildings called for the approved bond package.

IN MEMORIAM

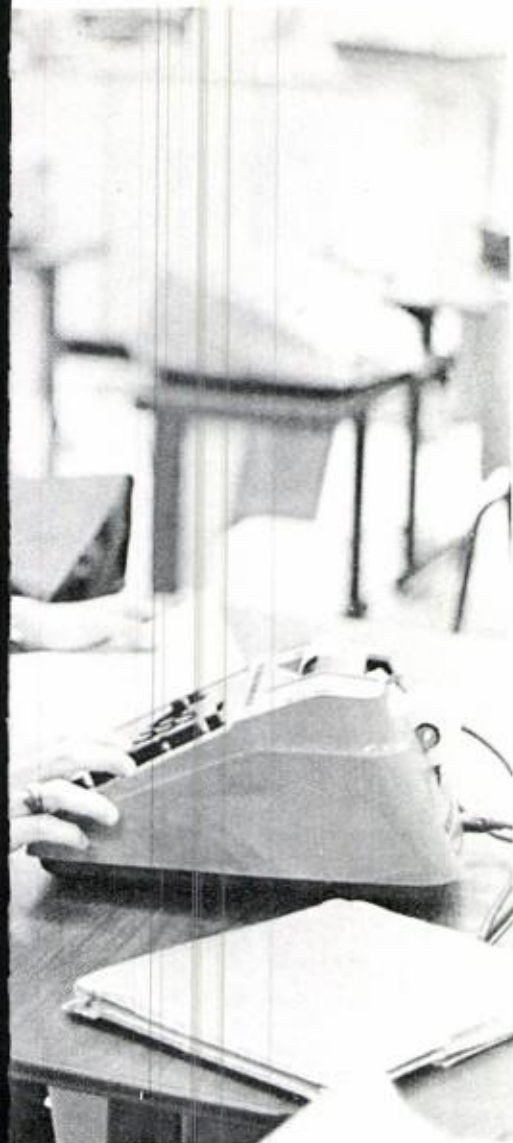

No life is over if it leaves a memory ...

Mr. Arthur Wilcock and Mr. Clarence Manly will not be forgotten, for the memories they left and the impressions that they made upon many students at W.E. Boswell High School.

Mr. Wilcock, who was the head of the Science Department, along with being an active sponsor of the JETS club, began teaching at Boswell when it first opened in 1961. During this time he experienced changes not only in students but with the campus and was always willing to meet the needs of his students, along with the changes. More important than Mr. Wilcock's many teaching achievements, was his devotion and sincere concern for his students. Not only did he care about their academic achievements in science but he was also interested in their personal ambitions. For all of these things, we will remember him.

Clarence Manly was another person who warmed himself to Boswell students though he was a newcomer to the campus. Even though he was only with us a short time, Mr. Manly accumulated a great many friends and his loss was unexpected to the many who were greeted by him each day.

Juniors

For the second year in a row, Laura Guadagni and Reese Reed were selected by their classmates as favorites. As juniors both worked to raise money to sponsor the junior-senior prom. Leading cheers and writing for the Pioneer Press were part of Laura's year's activities. Reese served as class president and was an active member of the student council.

WELL

SCHOOL

CLUB OF '69

The end came very abruptly for some but not soon enough for others. The end was not a slow down, but a build to the end.

For some the end was graduation. For others it was just a regular end of the year with exemptions and quarter tests to worry about.

Yet everyone changed. Juniors became seniors, sophomores became juniors, and freshmen became sophomores. With a fresh "catch" of fish coming up.

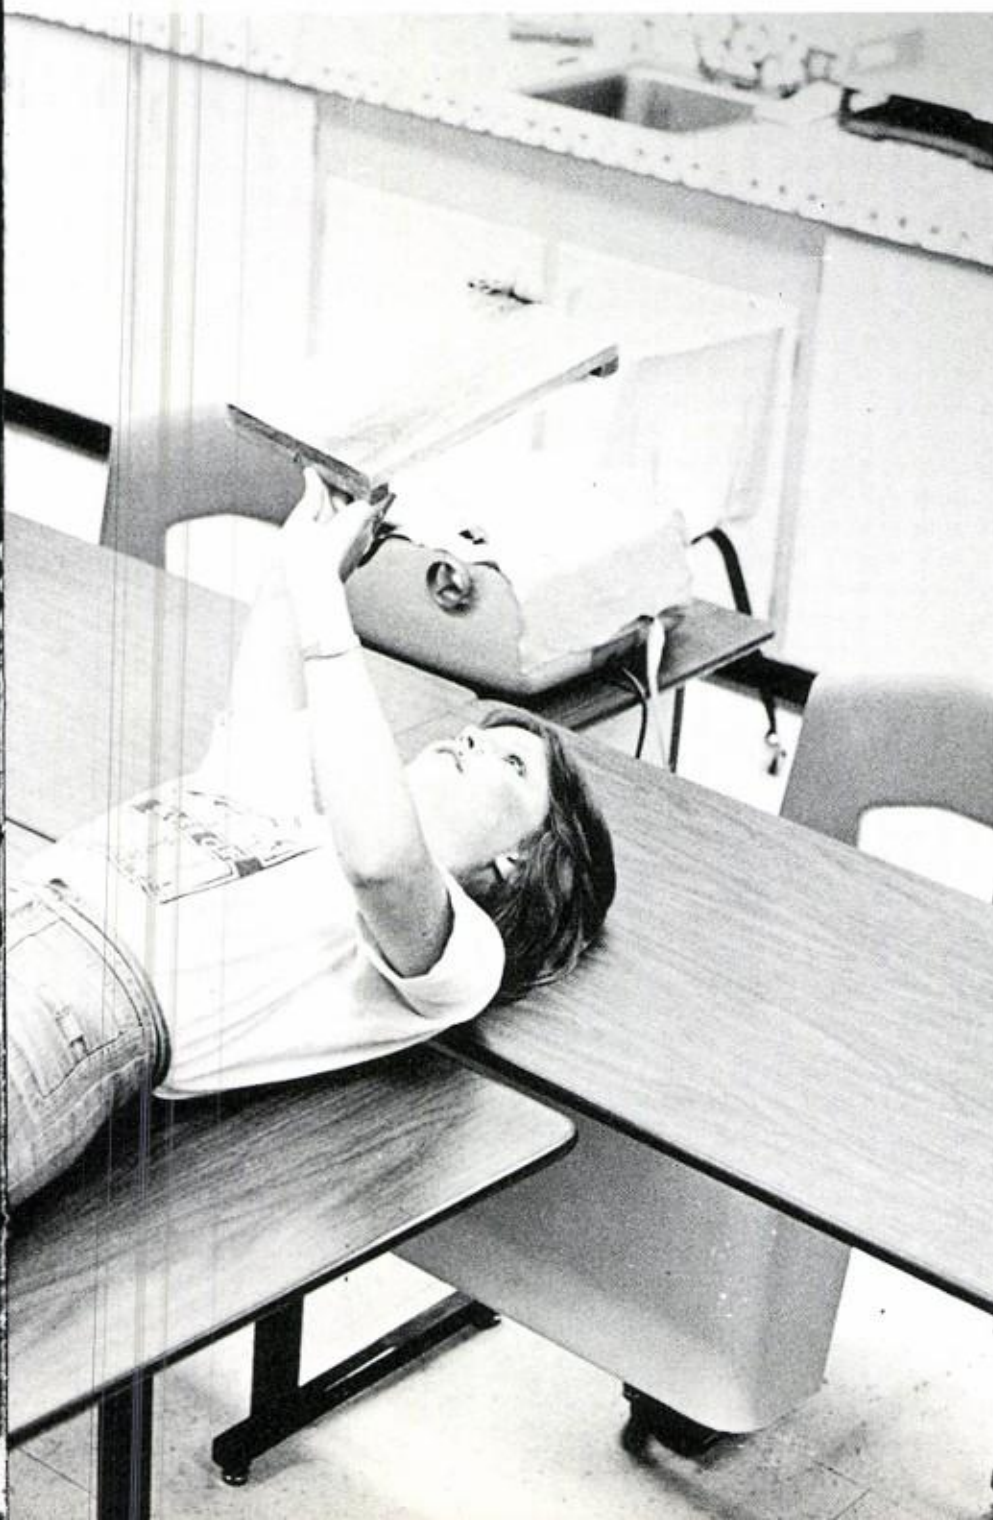

With the heart filled cries of "school's out", short good-byes to friends and plans made for parties, everyone agreed that this year was really great. And we found it out, All in a Year.

The End

As the year passed by and all the fun times became memories there seemed to be something lacking in ourselves that we would be leaving at Boswell. Seniors who would be leaving behind a part of themselves that can never be recaptured except in memories.

When we look back upon the year remembering the alma mater and the spirit that everyone had, we think of how dear "Ol Bos" really was to us.

The reasons for Boswell being close to our hearts are countless, and there are many accomplishments that made us proud. Not only athletically, but academically as well, and as the time has slipped away we really stop and wonder how we did it—All in a Year.

With Help, We Did It . . . All in a Year.

The end of the world is
 not a day of mourning
 but a day of celebration
 for the people of the world
 who have lived in peace
 and harmony for so long
 and who have seen the
 dawn of a new era
 of peace and love
 for all people
 of the world
 The end of the world
 is a day of joy
 and happiness
 for all people
 of the world
 who have lived in
 peace and harmony
 for so long
 and who have seen
 the dawn of a new
 era of peace and
 love for all people
 of the world

5 Taina, to a girl that means more to me than you will know your good looking with a personattie all your own. Its about time you let me sign anything of yours. All ways more than just friends, I hope you always love me.

Love ya lots

Tauna - There are many good
lookin girls at Bes-
well, but out of all
these girls, theres
a ladie!! and thats
you!! I hope the
best for you in
your life time.
And I will never
forget you. I love
you, so you be
very careful and
stay in touch with
me!! And be as
loveable as you are
now all your life.
